SUPPLEMENTARY INFORMATION: This document provides notice that the BLM District Office, Ely, Nevada, intends to prepare an RMP with an associated EIS for the Basin and Range National Monument, announces the beginning of the scoping process, and seeks public input on issues and planning criteria. The planning area is located in Lincoln and Nye Counties, Nevada and encompasses approximately 704,000 acres of public land.

As the Proclamation indicates, the President established the Monument to “preserve its cultural, prehistoric, and historic legacy and maintain its diverse array of natural and scientific resources, ensuring that the prehistoric, historic and scientific values of this area remain for the benefit of all Americans.” The Proclamation further states: “For purposes of the care and management of the objects identified above, the Secretary, through BLM, shall, within 3 years of the date of this proclamation prepare and maintain a management plan for the monument and shall provide for maximum public involvement in the development of that plan including, but not limited to,

consultation with State, tribal, and local governments.”

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process. A number of preliminary issues for the planning area have been identified by BLM personnel; Federal, State, and local agencies; and other stakeholders. The issues include: Cultural and historic resources; tribal use; vegetation resources; wild horse and burros; social and economic values; climate change; special areas (Worthington Mountains Wilderness, Shooting Gallery Area of Environmental Concern (ACEC), and Mt. Irish ACEC); visual resources; lands and realty; outdoor recreation; livestock grazing; minerals; paleontological resources; research; wildland fire; and military uses. Preliminary planning criteria will conform to 43 CFR 1610.4-2.

You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the 30-day scoping period or within 15 days after the last public meeting, whichever is later. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. The BLM will evaluate identified issues to be addressed in the plan, and will place them into one of three categories:

1. Issues to be resolved in the plan;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan.

The BLM will provide an explanation in the Draft RMP/Draft EIS as to why an issue was placed in category two or three. The public is also encouraged to help identify any management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The BLM will utilize and coordinate NEPA scoping process to help fulfil the
