A. Purpose

FAR 31.205-46, Travel Costs, requires that, except in extraordinary and temporary situations, costs incurred by a contractor for lodging, meals, and incidental expenses shall be considered to be reasonable and allowable only to the extent that they do not exceed on a daily basis the per diem rates in effect as of the time of travel.

These requirements are set forth in the Federal Travel Regulation for travel in the conterminous 48 United States; in the Joint Travel Regulation for travel in Alaska, Hawaii, the Commonwealth of Puerto Rico, and territories and possessions of the United States; and in the Department of State Standardized Regulations, section 925, "Maximum Travel Per Diem Allowances for Foreign Areas." The burden generated by this coverage is in the form of the contractor preparing a justification whenever a higher actual expense reimbursement method is used. A notice was published in the **Federal Register** at 81 FR 13368 on March 14, 2016.

B. Discussion and Analysis

One respondent submitted public comments on the extension of the previously approved information collection.

Comment on the policy: The respondent expressed support for the requirement that Federal contractors justify any methods that result in reimbursements exceeding the per diem rates. The respondent stated that FAR 31.205 applies the same standard to Federal employees; the burden is fairly imposed upon contractors.

Response: The Government appreciates and acknowledges the comment.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can

minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-10148 HIPAA Administrative Simplification Complaint Form

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is

defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

1. *Type of Information Collection Request:* Reinstatement with change of a previously approved collection; *Title of Information Collection:* HIPAA Administrative Simplification Complaint Form; *Use:* The Health Insurance Portability and Accountability Act (HIPAA) became law in 1996 (Pub. L. 104-191). Subtitle F of Title II of HIPAA, titled "Administrative Simplification," (A.S.) requires the Secretary of HHS to adopt national standards for certain information-related activities of the health care industry. The HIPAA provisions, by statute, apply only to "covered entities" referred to in section 1320d-2(a) (1) of this title. Responsibility for administering and enforcing the HIPAA A.S. Transactions, Code Sets, Identifiers has been delegated to the Centers for Medicare & Medicaid Services (CMS). This updated information collection will be used to initiate enforcement actions.

This reinstatement request clarifies the removal of the HIPAA Security complaint category. Specifically, the information collection revisions clarify the "Identify the HIPAA Non-Privacy/Security complaint category" section of the complaint form. In this section, complainants are given an opportunity to check the "Unique Identifiers" and "Operating Rules" option to additionally categorize the type of HIPAA complaint being filed. The revised form now includes an option for identifying Unique Identifier and Operating Rules complaints. It also requests email information about filed against entities, if available. *Form Number:* CMS-10148 (OMB control number: 0938-0948); *Frequency:* Occasionally; *Affected Public:* Individuals; *Number of Respondents:* 500; *Total Annual Responses:* 500; *Total Annual Hours:* 500. (For policy questions regarding this collection contact Kevin Stewart at 410-786-6149.)
