SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Placement Verification and Follow-up of Job Corps Participants information collection. The collection consists of three primary and two secondary data collection instruments used to collect follow-up data on individuals no longer actively participating in a Job Corps training program. The instruments are comprised of modules that include questions designed to obtain the following information: Re-verification of initial job and/or school placements, employment and educational experiences, job search activities of those who are neither working nor in school, and information about former participants satisfaction with services received. This information collection has been classified as a revision, because the Workforce Innovation and Opportunity Act (WIOA) requires surveying all program participants; the former Workforce Investment Act

requirement was to survey only placed graduates and former enrollees. WIOA sections 116(b)(2)(A)(ii) and 159(c)(4) authorize this information collection. See 29 U.S.C. 3141(2)(2)(A) and 3209(c)(4).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0426. The current approval is scheduled to expire on May 31, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 1, 2016 (81 FR 10664).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0426. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
 - Enhance the quality, utility, and clarity of the information to be collected; and
 - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,

e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Notification of Employee Rights under Federal Labor Laws information collection. President Barack Obama signed Executive Order 13496 (E.O. 13496) on January 30, 2009, requiring certain Government contractors and subcontractors to post notices informing their employees of their rights as employees under Federal labor laws. Regulations 29 CFR 471.11 provides for DOL to accept a written complaint alleging that a contractor doing business with the Federal government has failed to post the notice required by E.O. 13496. The section establishes that no special complaint form is required; however, a complaint must be in writing. In addition, the complaint must contain certain information, including the name, address, and telephone number of the person submitting the complaint and the name and address of the Federal contractor alleged to have violated the rule. The section also establishes that a written complaint may be submitted to either the Office of Federal Contract Compliance Programs or the OLMS. E.O. 13496 section 3 authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of

law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1245–0004.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on July 31, 2016. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 11, 2016 (81 FR 7375).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. - Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

DATES: Written meeting requests must be received no later than 11:59 p.m. Eastern Time on July 7, 2016.
