[TA-W-91,132]

Century Aluminum of South Carolina, Inc., Including On-Site Leased Workers From MAU Workforce Solutions, Goose Creek, South Carolina, Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended (“Act”), 19 U.S.C. 2273, the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on February 12, 2016, applicable to workers and former workers of Century Aluminum of South Carolina, Inc., Goose Creek, South Carolina (subject firm). The Department’s notice of determination was published in the **Federal Register** on January 11, 2016 (81 FR 1231). The workers were engaged in the activities related to the production of primary aluminum.

At the request of a company official, the Department reviewed the

certification applicable to workers and former workers of the subject firm.

The company reports that workers leased from MAU Workforce Solutions were employed on-site at the Goose Creek, South Carolina location of Century Aluminum of South Carolina, Inc. The Department has determined that these workers were sufficiently under the control of the subject firm to be considered leased workers.

Based on these findings, the Department is amending this certification to include workers leased from MAU Workforce Solutions, working on-site at the Goose Creek, South Carolina, location of Century Aluminum of South Carolina, Inc.

The amended notice applicable to TA-W-91,132 is hereby issued as follows:

All workers of Century Aluminum of South Carolina, Inc., including on-site leased workers from MAU Workforce Solutions, Goose Creek, South Carolina, who became totally or partially separated from employment on or after November 11, 2014 through February 12, 2018, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed in Washington, DC, this 11th day of May 2016.

Jeesica Webster,
Certifying Officer, Office of Trade Adjustment Assistance.

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Placement Verification and Follow-up of Job Corps Participants information collection. The collection consists of three primary and two secondary data collection instruments used to collect follow-up data on individuals no longer actively participating in a Job Corps training program. The instruments are comprised of modules that include questions designed to obtain the following information: Re-verification of initial job and/or school placements, employment and educational experiences, job search activities of those who are neither working nor in school, and information about former participants satisfaction with services received. This information collection has been classified as a revision, because the Workforce Innovation and Opportunity Act (WIOA) requires surveying all program participants; the former Workforce Investment Act

requirement was to survey only placed graduates and former enrollees. WIOA sections 116(b)(2)(A)(ii) and 159(c)(4) authorize this information collection. See 29 U.S.C. 3141(2)(2)(A) and 3209(c)(4).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0426. The current approval is scheduled to expire on May 31, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 1, 2016 (81 FR 10664).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0426. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
 - Enhance the quality, utility, and clarity of the information to be collected; and
 - Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,
