History and Description of the Cultural Item

Sometime prior to 1985, a mano and metate set was removed from the vicinity of the Mission San Xavier, south of Tucson, AZ. The item was donated to the Muskegon County Museum, now known as the Lakeshore Museum Center. A statement provided by the donor asserting that the mano and metate set was collected from the vicinity of the Mission San Xavier, in a burial area, was affirmed in consultation with the Tohono O'odham Nation of Arizona. The Tohono O'odham Nation has a cultural affiliation with the mano and metate set based upon geographical, historical, and contextual information, and has requested the return of this unassociated funerary object.

Determinations Made by the Lakeshore Museum Center

Officials of the Lakeshore Museum Center have determined that:

- Pursuant to 25 U.S.C. 3001(3)(B), the one cultural item described above is reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony and is believed, by a preponderance of the evidence, to have been removed from a specific burial site of a Native American individual.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the mano and metate set and Tohono O'odham Nation of Arizona.

After that date, if no additional claimants have come forward, transfer of control of the corn grinding stone set to Tohono O'odham Nation may proceed.

The Lakeshore Museum Center is responsible for notifying the Tohono O'odham Nation that this notice has been published.

AGENCY: Office of the Secretary, Office of Natural Resources Revenue (ONRR), Interior.

Consistent with these requirements, this notice provides major portion prices for the 12 months of calendar year 2014.

DATES: The due date to pay additional royalties based on the major portion prices is August 8, 2016.
