

SUPPLEMENTARY INFORMATION: On August 10, 1999, ONRR published a final rule titled "Amendments to Gas Valuation Regulations for Indian Leases" effective January 1, 2000 (64 FR 43506). The gas valuation regulations apply to all gas production from Indian (Tribal or allotted) oil and gas leases, except leases on the Osage Indian Reservation.

The regulations require ONRR to publish major portion prices for each

designated area not associated with an index zone for each production month beginning January 2000, as well as the due date for additional royalty payments. See 30 CFR 1206.174(a)(4)(ii). If you owe additional royalties based on a published major portion price, you must submit to ONRR by the due date, an amended form ONRR-2014, Report of Sales and Royalty Remittance. If you do not pay the additional royalties by

the due date, ONRR will bill you late payment interest under 30 CFR 1218.54. The interest will accrue from the due date until ONRR receives your payment and an amended form ONRR-2014. The table below lists the major portion prices for all designated areas not associated with an index zone. The due date is the end of the month following 60 days after the publication date of this notice.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on December 11, 2015, based on a complaint filed by HYDOR USA Inc. of Sacramento, California. 80 FR 77019-20 (Dec. 11, 2015). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, by reason of infringement of certain claims of U.S. Patent No. 8,191,846. The complaint further alleged that a domestic industry exists. The Commission's Notice of Investigation named Jebao Co., Ltd. of Zhongshan City, China as the sole respondent.

On April 18, 2016, complainant and the sole respondent moved for termination of the investigation based on a consent order stipulation and a settlement agreement. The Commission investigative attorney supported the motion.

On May 4, 2016, the ALJ issued the subject ID (Order No. 10) granting the joint motion and finding that the motion for termination satisfies Commission Rules 210.21(a)(1) and (b)(1), termination is in the public interest, and that no "extraordinary circumstances" exist that would preclude granting the motion. No party petitioned for review of the ID.

The Commission has determined not to review the ID and has issued the consent order and terminated the investigation.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
