

acreage report. FSA will verify and confirm the applicant's share interest in cotton acres reported on the CGCS application by comparing it to the applicant's share interest in the cropland as reported on that farm's acreage report for the 2015 crop year. For example, if a farm has 50 acres of cotton and two producers report equal shares of the 50 acres of cotton, each must each have a 100 percent share interest in at least 25 cotton acres (or 50 percent share in the 50 reported cotton acres) reported on the farm acreage report for the 2015 crop year to support their reported share of cotton acres on that farm.

If an eligible applicant has sold or leased a farm that produced cotton in 2015, the applicant may assign the CGCS payment by completing form CCC-36. However, under no circumstances will CCC pay both the 2015 producer and the 2016 producer of such cotton.

As noted above, if there are any corrections required for acreage reports, they may be made, however corrections related to upland or ELS cotton acres or shares must be received by FSA by August 5, 2016, the CGCS Program application deadline in order to be used to calculate the CGCS payment. Any correction to 2015 cotton crop acres made to the acreage report after August 5, 2016, is not eligible to be considered for CGCS.

Process for Evaluation of CGCS Applications and Approval of Payments

FSA will review each CCC-882 application to determine eligibility by verifying that the application is complete and the number of cotton acres the applicant certified on the application for the 2015 crop year is the same as reported on the FSA-578 acreage report.

When there are multiple eligible applicants for a farm, FSA will approve an application for the CGCS Program and approve the division of payment when all the following, as applicable, occur or have been determined to have occurred:

(1) Each landlord, tenant, and sharecropper that apply sign their own CGCS Program application, and their combined payment shares recorded on the application when added together cannot exceed 100 percent of the shares recorded on the acreage report for the 2015 cotton crop for the farm, and neither the landlord, tenant, nor sharecropper can receive 100 percent of CGCS payment for the farm;

(2) CCC determines that the interests of tenants and sharecroppers are being

protected by confirming the shares are consistent with the acreage report;

(3) The applicant, upon the FSA county office committee's request, if necessary, will provide a copy of the lease agreement; and

(4) CCC determines that the payment shares do not circumvent either the provisions of this NOFA or the provisions of 7 CFR part 1400.

The result of an approved application will be a one-time payment, consistent with the terms specified in this NOFA and the payment application. All applications are subject to the approval by FSA on behalf of CCC, and FSA will not approve ineligible applications.

Provisions Requiring Refund to FSA

In the event that any application for a CGCS payment resulted from erroneous information or a miscalculation, the payment will be recalculated and the participant must refund any excess to FSA with interest to be calculated from the date of the disbursement to the participant. If for whatever reason FSA determines that the applicant misrepresented either the acreage or share of cotton acreage or both, or if the CGCS payment would exceed the participant's payment based upon correct acreage and share, the application will be disapproved and the full CGCS payment for that crop and participant will be required to be refunded to FSA with interest from date of disbursement. If any corrections to the 2015 cotton crop acres or shares are made to the acreage report after August 5, 2016, and would have resulted in a lower CGCS payment, the applicant will be required to refund the difference with interest from date of disbursement.

The liability of anyone for any penalty or sanction resulting from a CGCS application, or for any refund to FSA or related charge is in addition to any other liability of such person under any civil or criminal fraud statute or any other provision of law including, but not limited to: 18 U.S.C. 286, 287, 371, 641, 651, 1001, and 1014; 15 U.S.C. 714; and 31 U.S.C. 3729.

Paperwork Reduction Act Requirements

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), OMB approved an emergency information collection request on CGCS so FSA can begin the application period upon publication of this NOFA.

Environmental Review

Because this is a one-time payment, there are no impacts to the human environment as defined by NEPA and,

as such, no Environmental Assessment or Environmental Impact Statement will be prepared.

Administrator, Farm Service Agency, and Executive Vice President, Commodity Credit Corporation.

Submission for OMB Review; Comment Request

June 2, 2016.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments are required regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by July 8, 2016 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Farm Service Agency

Title: 7 CFR 1437, Noninsured Disaster Assistance Program and Report of Acreage.

OMB Control Number: 0560-0175.

Summary Of Collection: The Noninsured Crop Assistance Program (NAP) is authorized under 7 U.S.C. 7333 and implemented under regulations issued at 7 CFR part 1437. NAP is administered by the Farm Service Agency (FSA) for the Commodity Credit Corporation (CCC) and is carried out by FSA State and County committees. The purpose of NAP is to help manage and reduce production risks faced by producers of eligible commercial crops or other agricultural commodities during a coverage period. NAP reduces financial losses that occur when natural disasters (damaging weather or adverse natural occurrence that is an eligible cause of loss) cause a loss of expected production or actual value for value loss crops, or where producers are prevented from planting an eligible crop because of an eligible cause of loss in a coverage period. NAP provides assistance for losses of floriculture, ornamental nursery, Christmas tree crops, turfgrass sod, seed crops, aquaculture (including ornamental fish), industrial crops, and sea oats sea grass, biomass, sweet sorghum and biomass sorghum. FSA will collect information using several forms.

Need and Use of the Information: The information collected is necessary to determine whether a producer and crop or commodity meet applicable conditions for assistance and to determine compliance with existing regulations. Producers must annually: (1) Request NAP coverage by completing an application for coverage and paying a service fee by the CCC-established application closing date; (2) file a current crop-year report of acreage for the covered crop or commodity; and (3) certify harvest production of each covered crop or commodity. The information collected allows CCC to provide assistance under NAP for losses of commercial crops or other agricultural commodities (except livestock) for which catastrophic risk protection under 7 U.S.C. Section 1508 is not available. Eligible crops including commercial crops and agricultural commodities (except livestock) that are produced for food or fiber or specifically included by statute, including floriculture, ornamental nursery, Christmas trees, turfgrass sod, seed crops, aquaculture (including ornamental fish), industrial crops, and

sea grass sea oats, biomass, sweet sorghum and biomass sorghum.

Description of Respondents: Farms; Business or other for-profit; Not-for-profit institutions.

Number of Respondents: 72,294.

Frequency of Responses:

Recordkeeping; Reporting: On occasion; Weekly; Monthly; Annually.

Total Burden Hours: 933,528.
