### Farm Service Agency

*Title:* 7 CFR 1437, Noninsured Disaster Assistance Program and Report of Acreage.

*OMB Control Number:* 0560-0175.

*Summary Of Collection:* The Noninsured Crop Assistance Program (NAP) is authorized under 7 U.S.C. 7333 and implemented under regulations issued at 7 CFR part 1437. NAP is administered by the Farm Service Agency (FSA) for the Commodity Credit Corporation (CCC) and is carried out by FSA State and County committees. The purpose of NAP is to help manage and reduce production risks faced by producers of eligible commercial crops or other agricultural commodities during a coverage period. NAP reduces financial losses that occur when natural disasters (damaging weather or adverse natural occurrence that is an eligible cause of loss) cause a loss of expected production or actual value for value loss crops, or where producers are prevented from planting an eligible crop because of an eligible cause of loss in a coverage period. NAP provides assistance for losses of floriculture, ornamental nursery, Christmas tree crops, turfgrass sod, seed crops, aquaculture (including ornamental fish), industrial crops, and sea oats sea grass, biomass, sweet sorghum and biomass sorghum. FSA will collect information using several forms.

*Need and Use of the Information:* The information collected is necessary to determine whether a producer and crop or commodity meet applicable conditions for assistance and to determine compliance with existing regulations. Producers must annually: (1) Request NAP coverage by completing an application for coverage and paying a service fee by the CCC-established application closing date; (2) file a current crop-year report of acreage for the covered crop or commodity; and (3) certify harvest production of each covered crop or commodity. The information collected allows CCC to provide assistance under NAP for losses of commercial crops or other agricultural commodities (except livestock) for which catastrophic risk protection under 7 U.S.C. Section 1508 is not available. Eligible crops including commercial crops and agricultural commodities (except livestock) that are produced for food or fiber or specifically included by statute, including floriculture, ornamental nursery, Christmas trees, turfgrass sod, seed crops, aquaculture (including ornamental fish), industrial crops, and

sea grass sea oats, biomass, sweet sorghum and biomass sorghum.

*Description of Respondents:* Farms; Business or other for-profit; Not-for-profit institutions.

*Number of Respondents:* 72,294.

*Frequency of Responses:*

Recordkeeping; Reporting: On occasion; Weekly; Monthly; Annually.

*Total Burden Hours:* 933,528.
