

*Response:* We thank the ANILCA Implementation Program for their comments. Throughout survey development, we conducted interviews with stakeholders to address key concerns and issues to be addressed in the survey. This included the Alaska Department of Fish and Game area biologist for the Kodiak Archipelago, the Kodiak Brown Bear Center (owned and operated by the Koniag Native Corporation), and commercial air taxi operators and guides. We sincerely appreciate the insights from all of these groups. Unfortunately, surveying all refuge visitors is not within financial and time feasibility of the current study. While hunting and fishing patterns are well understood due to the purchase of licenses and close regulation in partnership with the State of Alaska, an equally detailed understanding of bear viewing activity and satisfaction is lacking, making it the current priority for social science research. Finally, the primary survey is being conducted online instead of onsite due to affordability, logistics (weather on Kodiak is often not conducive to sitting outside for 10–20 minutes to complete a printed survey in wind and rain), and proven success with past online surveys. Our intent is to minimize onsite burden hours for visitors traveling from around the world for expensive and sometimes short viewing experiences.

The area described contains approximately 4,964.75 acres in Fremont County.

The Assistant Secretary for Land and Minerals Management approved the BLM's petition/application. Therefore, the petition/application constitutes a withdrawal proposal of the Secretary of the Interior (43 CFR 2310.1–3(e)).

The purpose of the proposed withdrawal is to protect the cultural and recreational resources of the Johnny Behind the Rocks Recreation Zone.

The use of a right-of-way, interagency, or cooperative agreement would not adequately constrain nondiscretionary uses which could result in permanent loss of significant values and irreplaceable resources.

There are no suitable alternative sites since the lands contain cultural and recreational resources that are unique to the area proposed for withdrawal.

No additional water rights will be needed to fulfill the purpose of the requested withdrawal.

Records relating to the application may be examined by contacting the BLM at the above addresses and phone numbers.

For a period until September 8, 2016, all persons who wish to submit comments, suggestions or objections in connection with the proposed withdrawal may present their views in writing to Kristin Yannone, Planner, BLM Lander Field Office, 1335 Main, Lander, Wyoming, 82520.

Comments, including names, street addresses and other contact information of respondents, will be available for public review at the BLM Lander Field Office during regular business hours, 8:00 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays. Before including your address, phone number, email address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

A public meeting will be held on July 25, 2016, at the Fremont County Library, 220 North 2nd Street, Lander, Wyoming, from 4:30–5:30 p.m. A notice of the meeting will be published in at least one local newspaper no less than 30 days before the scheduled meeting date. Interested parties may make oral statements and may file written statements at the meeting.

For a period until June 11, 2018, the public land described in this notice will be segregated from location and entry under the United States mining laws, but not from leasing under the mineral or geothermal leasing laws, unless the application is denied or canceled or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreements or discretionary land use authorizations of a temporary nature that would not impact the site may be allowed with the approval of an authorized officer of the BLM during the temporary segregative period.

This withdrawal proposal will be processed in accordance with the regulations set forth in 43 CFR part 2300.

#### Notice of Realty Action: Direct Sale of Reversionary Interest in San Bernardino County, California

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** The Bureau of Land Management (BLM), Needles Field Office, proposes to sell the United States' reversionary interest in 2.31 acres of land in San Bernardino County, California to the City of Needles (City) at not less than fair market value in the amount of \$139,994. The land was conveyed out of Federal ownership in 1966 subject to a reversionary interest which is now proposed for sale under the authority of the Federal Land Policy and Management Act (FLPMA) of 1976, as amended.

**DATES:** Comments regarding the proposed sale must be received by the BLM on or before July 25, 2016.

**ADDRESSES:** You may submit written comments concerning the proposed sale to the Field Manager, BLM, Needles Field Office, 1303 South Highway 95, Needles, California 92363.

**FOR FURTHER INFORMATION CONTACT:** William Webster, Realty Specialist, BLM Needles Field Office, telephone 760-326-7006; address 1303 South Highway 95, Needles, California 92363. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** The reversionary interest in the following land is proposed for direct sale in accordance with Section 203 of the FLPMA, as amended (43 U.S.C. 1713).

#### San Bernardino Meridian, California

T. 9 N., R. 23 E., sec. 31, lot 6.

The area described contains 2.31 acres.

The area described above is part of 50 acres conveyed in 1966 to the City in patent 04-67-0018 under the authority of the Recreation and Public Purposes Act (R&PP Act) of June 14, 1926, as amended. The land was conveyed for park and recreational purposes for \$2.50 per acre. The United States (U.S.)

retained an interest in the land in which title could revert back to the U.S. if the land is not used for purposes authorized under the R&PP Act or if the land is transferred to another party without the BLM's approval. In 1971, the BLM approved a change in use to allow the City to construct the Needles Municipal Hospital on 2.31 acres of the land conveyed in patent 04-67-0018. In 2010, the voters of Needles approved Measure Q, which effectively required the City to sell the Needles Municipal Hospital to a qualified non-profit corporation. The sale has been complicated by the fact that the Needles Municipal Hospital is located on 2.31 acres owned by the City subject to the reversionary interest and approximately 3.36 acres owned by the City which is not subject to a reversionary interest. The City agreed to sell the land occupied by the Needles Municipal Hospital to Community Healthcare Partner, Inc., a non-profit corporation. The sale is contingent on the BLM selling the reversionary interest in the 2.31 acres of land occupied by the Needles Municipal Hospital so the City can convey the land free of any reversionary interest. The sale would allow for possible future commercial use of the 2.31 acres, including a for-profit hospital, and allow for future transfers of the land without the BLM's approval.

The reversionary interest in the 2.31 acres of land described above is proposed for sale to the City for \$139,994, which represents the appraised fair market value of \$140,000, less \$6.00 paid to the BLM to purchase the land in 1966. The reversionary interest is difficult and uneconomic to manage as part of the public lands because it is surrounded by private land and is not contiguous to any public land administered by the BLM. The BLM has concluded that a competitive sale is not appropriate and that the public interest would best be served by a direct sale to the City, which currently owns the land subject to the reversionary interest. The reversionary interest was not identified for sale in the 1980 California Desert Conservation Area (CDCA) Plan. On January 14, 2015, the BLM approved an amendment to the 1980 CDCA Plan, which identified the reversionary interest in the 50 acres conveyed to the City in 1966 in patent 04-67-0018 as suitable for sale pursuant to section 203 of FLPMA.

The reversionary interest would not be sold until at least August 9, 2016. Any conveyance document issued would convey only the reversionary interest retained by the U.S. in patent 04-67-0018 and would contain the
