Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before July 13, 2016.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the RegInfo.gov Web site at http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201507-1205-009 (this link will only become active on the day following publication of this notice) or by contacting Michel Smyth by telephone at 202–693–4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request by mail or courier to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL–ETA, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503; by Fax: 202–395–5806 (this is not a toll-free number); or by email: OIRA_submission@omb.eop.gov. Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor–OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW., Washington, DC 20210; or by email: DOL_PRA_PUBLIC@dol.gov.

FOR FURTHER INFORMATION CONTACT: Contact Michel Smyth by telephone at 202–693–4129 (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority to reinstate, with revisions, the Young Parents Demonstration Project (YPDP) Evaluation information collection. Information collected under this proposed ICR would be used to evaluate the YPDP, a grant program designed to provide educational and occupational skills training that fosters family economic self-sufficiency to young parents (both mothers and fathers) and expectant parents ages 16–24, including, as applicable, those in high-risk categories such as victims of child abuse, children of incarcerated parents, court-involved youth, youth at risk of court involvement, homeless and runaway youth, Native American youth, migrant youth, youth in or aging out of foster care, and youth with disabilities. YPDP grantees are required to develop a mentoring model, which includes an intensive professional staff mentoring specifically for education, employment, and training and specifically for pregnant and parenting teens and young parents. Grantees are to implement this intervention as an additional level of services in addition to existing services currently provided intended to increase an individual’s education, job training, and employment. Major information collections consist of a participant tracking system, field-based implementation site visits, and follow-up surveys with program participants.

The ETA temporarily discontinued this information collection in May 2015, the original expiration date, in order to ensure the agency met all PRA requirements before continuing data collection. This reinstatement would change the collection in two ways. First, the evaluation will no longer conduct the 36-month follow-up survey. Second, the evaluation team found it to be important to conduct a second set of visits to the sites to ensure they track any changes to implementation since 12 months after random assignment and to clarify any information as needed. Workforce Investment Act sections 171(b) and 172, as well as Workforce Innovation and Opportunity Act section 169 authorize this information collection. See 29 U.S.C. 2916(b), 2917, 3224.

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition,

notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on July 8, 2015 (80 FR 39161).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0494. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Regulations Containing Procedures for Handling of Retaliation Complaints

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Occupational Safety and Health Administration (OSHA) sponsored information collection request (ICR) revision titled, "Regulations Containing Procedures for Handling of Retaliation Complaints," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501 *et seq.*). Public comments on the ICR are invited.

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Regulations Containing Procedures for Handling of Retaliation Complaints information collection. The OSHA administers and enforces a number of provisions in various Federal laws and regulations prohibiting retaliatory action by an employer against an employee who is believed to have reported a possible violation of those laws or regulations, or who otherwise engages in an activity protected specified by an anti-retaliation provision. Any person may file a complaint alleging the employer violated these protection provisions with the OSHA for investigation. This ICR has been classified as a revision, because it seeks OMB approval to implement a revised whistleblower complaint form, titled "Notice of Whistleblower Complaint," Form OSHA 8-60.1. The Web-based form enables submitting whistleblower complaints directly to the OSHA 24-hours a day. Additionally, the revised form includes interactive features that make it easier to understand and complete. The revised form also provides information about worker protections enforced by other agencies, in order better to direct complainants to the proper investigative agencies.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0236. The current approval is scheduled to expire on July 31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 17, 2016 (81 FR 8103).
