DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Cancer Institute; Notice of Charter Renewal

In accordance with Title 41 of the U.S. Code of Federal Regulations, Section 102-3.65(a), notice is hereby given that the Charter for the National Cancer Institute Clinical Trials and Translational Research Advisory Committee was renewed for an

additional two-year period on April 14, 2016.

It is determined that the National Cancer Institute Clinical Trials and Translational Research Advisory Committee is in the public interest in connection with the performance of duties imposed on the National Cancer Institute and National Institutes of Health by law, and that these duties can best be performed through the advice and counsel of this group.

Inquiries may be directed to Jennifer Spaeth, Director, Office of Federal Advisory Committee Policy, Office of the Director, National Institutes of Health, 6701 Democracy Boulevard, Suite 1000, Bethesda, Maryland 20892 (Mail code 4875), Telephone (301) 496-2123, or spaethj@od.nih.gov.

Dated: June 7, 2016.

Jennifer S. Spaeth,

Director, Office of Federal Advisory Committee Policy.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2016-0372]

Certificates of Alternative Compliance, First Coast Guard District

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The Coast Guard announces that the First Coast Guard District's Prevention Department has issued certificates of alternative compliance with the International Regulations for Preventing Collisions at Sea (72 COLREGS), to vessels of special construction or purpose that cannot

fully comply with the light, shape, and sound signal provisions of 72 COLREGS without interfering with their special function. This notice promotes the Coast Guard's maritime safety and stewardship missions.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Mr. Kevin Miller, First Coast Guard District's Towing Vessel and Barge Safety Specialist at (617) 223-8272 or [Kevin.L.Miller2@uscg.mil].

SUPPLEMENTARY INFORMATION:

Discussion

The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972, as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, and sound signal provisions of 72 COLREGS. Under statutory law¹ and Coast Guard regulation,² a vessel may instead meet alternative requirements and the vessel's owner, builder, operator, or agent may apply for a certificate of alternative compliance (COAC). The Chief of the Inspections and Investigations Branch in each Coast Guard District office determines whether the vessel for which the COAC is sought complies as closely as possible with 72 COLREGS, and decides whether to issue the COAC. Once issued, a COAC remains valid until information supplied in the application for the COAC, or the terms of the COAC, become inapplicable to the vessel. Under the governing statute³ and regulation,⁴ the Coast Guard must publish notice of each COAC issued by the District office.

The First Coast Guard District issued COACs to the following vessels from January 2016 to May 2016:

Year	Vessel name	Details
2016	JACK T MORAN	This certificate authorized the placement of the vessel's sidelights in a position 13' 5.25" from the vessel's side, mounted to the top of the pilot house. Additionally, this certificate authorized the placement of the vessel's stern light and towing lights in a position 3' 5.75" aft of Frame 20, mounted on the top of the pilot house.
2016	GRACIE M REINAUER	This certificate authorized the placement of the vessel's sidelights in a position 7' 1.75" from the vessel's side, mounted to the deckhouse overhead.
2016	COOPER MORAN	This certificate authorized the placement of the vessel's sidelights in a position 13' 5.25" from the vessel's side, mounted to the top of the pilot house. Additionally, this certificate authorized the placement of the vessel's stern light and towing lights in a position 3' 5.75" aft of Frame 20, mounted on the top of the pilot house.

¹ 33 U.S.C. 1605.

² 33 CFR 81.3.

³ 33 U.S.C. 1605(c).

⁴ 33 CFR 81.18.

This notice is issued under authority of 5 U.S.C. 552(a), 33 U.S.C. 1605(c), and 33 CFR 81.18.

Dated: May 31, 2016.

B. L. Black,

Captain, U.S. Coast Guard, Chief of Prevention, First Coast Guard District.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2016-0002; Internal Agency Docket No. FEMA-B-1621]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before September 12, 2016.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.

You may submit comments, identified by Docket No. FEMA-B-1621, to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 500 C Street SW., Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium

rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at http://floodsrp.org/pdfs/srp_fact_sheet.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.
