

teachers and schools to integrate fitness education and student recognition of fitness achievement into the schools, and barriers and facilitators relevant to PYFP implementation. All PYFP schools will complete cost and time use worksheets. In addition, focus groups with PE teachers, students, and parents

will be conducted in a subset of 6 PYFP schools. Focus groups will take place on school grounds during or outside of the school day, depending on availability of a given respondent group.

The information collected for the PYFP evaluation will allow the CDC and partners to assess the impact of the

PYFP compared with a traditional PE curriculum and gather information critical for program improvement.

OMB approval is requested for two years. Participation in the PYFP Evaluation is voluntary and there are no costs to respondents other than their time.
