proceeding but which have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate the cash deposit rate will be the PRC-wide rate of 247.26 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties. We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Dated: June 7, 2016.

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background

On December 4, 2015, the Department published the preliminary results of the administrative review of the antidumping duty order on diamond sawblades from the PRC. We received case and rebuttal briefs with respect to the Preliminary Results. As explained in the memorandum from the Acting Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll all administrative deadlines due to a closure of the Federal Government. All deadlines in this segment of the proceeding have been extended by four business days. The revised deadline for the final results of this review moved to April 8, 2016. Subsequently, we fully extended the time for completing the final results of this administrative review to June 7, 2016. At the request of interested parties, we held a hearing on April 20, 2016. We conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is diamond sawblades. The diamond sawblades subject to the order are currently classifiable under subheadings 8202 to 8206 of the Harmonized Tariff Schedule of the United States (HTSUS), and may also enter under 6804.21.00. The HTSUS subheadings are provided for convenience and customs purposes. A full description of the scope of the order is contained in the Issues and Decision Memorandum. The written description is dispositive.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this administrative review are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as an appendix. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Access to ACCESS is available to registered users at http://access.trade.gov. The Issues and Decision Memorandum is also available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the Enforcement and Compliance Web site at http://enforcement.trade.gov/frn/index.html.

Final Determination of No Shipments

We preliminarily found that Danyang City Ou Di Ma Tools Co., Ltd., Danyang Tsunda Diamond Tools Co., Ltd., Hangzhou Kingburg Import & Export Co., Ltd., Qingdao Hysoung Diamond Tools Co., Ltd., Qingdao Shinhua Diamond Industrial Co., Ltd., and Shanghai Starcraft Tools Co., Ltd., which have been eligible for separate rates in previous segments of the proceeding and are subject to this review, did not have any reviewable entries of subject merchandise during the POR. After the Preliminary Results, 4

5See Preliminary Results, and accompanying Preliminary Decision Memorandum at 3–4.
we received no comments or additional information with respect to these six companies. Therefore, for the final results, we continue to find that these six companies did not have any reviewable entries of subject merchandise during the POR. Consistent with our practice, we will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on our final results.

Final Affiliation and Single Entity Determination

For the final results, we continue to find that Jiangsu Fengtai Diamond Tool Manufacture Co., Ltd., Jiangsu Fengtai Tools Co., Ltd., and Jiangsu Sawing Co., Ltd., are affiliated, pursuant to sections 771(33)(A) and (F) of the Act. Additionally, under 19 CFR 351.401(f)(1)–(2), we continue to find that these companies should be considered a single entity (collectively known as the Jiangsu Fengtai Single Entity).6

Changes Since the Preliminary Results

Based on our analysis of comments received, we made revisions that have changed the results for certain companies, including the valuation of certain factors of production and the PRC-wide rate. Additionally, we made calculation programming changes for the final results. For further details on the changes we made for these final results, see the company-specific analysis memorandum, the Issues and Decision Memorandum, and the final surrogate value memorandum, dated concurrently with this notice. Moreover, on May 11, 2016, in Diamond Sawblades Manufacturers’ Coalition v. United States, Court No. 13–00168, the Court of International Trade affirmed a remand redetermination in which the Department determined it appropriate to reinstate the antidumping duty order on diamond sawblades from the PRC, in part, with respect to certain parts of the ATM Single Entity for which the Department previously had revoked the order, in part.7 Accordingly, the Department reinstated the order on diamond sawblades from the PRC, in part, with respect to these companies.8 As a result, all companies that the Department has found to constitute the ATM Single Entity are subject to this administrative review.9

Final Results of the Review

As a result of this administrative review, we determine that the following weighted-average dumping margins exist for the period November 1, 2013, through October 31, 2014:

Assessment

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.12 For customers or importers of the Jiangsu Fengtai Single Entity and Weihai Xiangguang Mechanical Industrial Co., Ltd. (Weihai) for which we do not have entered values, we have calculated customer/importer-specific antidumping duty assessment rates based on the ratio of the total amount of dumping duties calculated for the examined sales of subject merchandise to the total sales quantity of those same sales.13 For a customer or importer of Weihai for which we received entered-value information, we have calculated a customer/importer-specific antidumping duty assessment rate based on customer/importer-specific ad valorem rates in accordance with 19 CFR 351.212(b)(1).

For all non-selected respondents that received a separate rate, we will instruct CBP to apply the calculated antidumping duty assessment rate for each company.14 to all entries of subject merchandise that entered the United States during the POR. For all other companies, with the exception of the ATM Single Entity, we will instruct CBP to apply the antidumping duty assessment rate of the PRC-wide entity, 82.05 percent, to all entries of subject merchandise exported by these companies.15

15 See Initiation Notice, 79 FR at 7695 (“All firms listed below that wish to qualify for separate rate status in the administrative reviews involving NME countries must complete, as appropriate, either a separate rate application or certification, as described below.”). Companies that are subject to this administrative review that are considered to be part of the PRC-wide entity are Central Iron and Steel Research Institute Group, China Iron and Steel Research Institute Group, Danyang Aurui Hardware Products Co., Ltd., Danyang Dida Diamond Tools Manufacturing Co., Ltd., Electrolux Construction
For entries that were not reported in the U.S. sales databases submitted by an exporter individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. In addition, for the six companies that we determined had no reviewable entries of the subject merchandise in this review period, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the PRC-wide rate.

We intend to issue assessment instructions to CBP 15 days after the date of publication of the final results of review.

**Cash Deposit Requirements**

The following cash deposit requirements will be effective upon publication of these final results of review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2)(C) of the Act: (1) For subject merchandise exported by the companies listed above that have separate rates, the cash deposit rate will be the rate established in these final results of review for each exporter as listed above; (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

**Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

**Administrative Protective Orders**

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation. These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Endangered Species; File No. 19281

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of permit.

SUMMARY: Notice is hereby given that Dr. Isaac Virgin, New York University School of Medicine, Department of Environmental Medicine, 57 Old Forge Road, Tuxedo, NY 10987, has been issued a permit to import and take shortnose sturgeon (Acipenser brevirostrum) for purposes of scientific research.

ADDRESSES: The permit and related documents are available for review upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427–8401; fax (301) 713–0376.

FOR FURTHER INFORMATION CONTACT: Malcolm Mohead or Rosa L. González, (301) 427–8401.

**SUPPLEMENTARY INFORMATION:** On May 18, 2015, notice was published in the Federal Register (80 FR 28236) of a request for a permit to import and conduct research on shortnose sturgeon early life stages that had been submitted by the above-named applicant. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226). In directed studies with endangered shortnose sturgeon early life stages, researchers will define the toxicities of varying concentrations of industrial contaminants, such as polychlorinated biphenyl (PCB) and Dioxin (2,3,7,8-TCDD). Shortnose sturgeon fertilized embryos are authorized to be imported by CITES I permit from the Acadian Sturgeon and Caviar, Inc., New...
