

competitive because it allows Penny Pilot issues to continue trading on the Exchange.

Moreover, the Exchange believes that the proposed rule change will allow for further analysis of the Pilot and a determination of how the Pilot should be structured in the future; and will serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

The Pilot is an industry-wide initiative supported by all other option exchanges. The Exchange believes that extending the Pilot will allow for continued competition between market participants on the Exchange trading similar products as their counterparts on other exchanges, while at the same time allowing the Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot.

*C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>9</sup> and Rule 19b-4(f)(6) thereunder.<sup>10</sup> Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>11</sup> normally does not become operative prior to 30 days after the date of the filing.<sup>12</sup> However,

pursuant to Rule 19b-4(f)(6)(iii),<sup>13</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Pilot Program to continue without interruption in a manner that is consistent with the Commission's prior approval of the extension and expansion of the Pilot Program and will allow the Exchange and the Commission additional time to analyze the impact of the Pilot Program. Accordingly, the Commission designates the proposed rule change as operative upon filing with the Commission.<sup>14</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>15</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

<sup>12</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this pre-filing requirement.

notice is hereby given that on June 9, 2016, Bats EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange has designated this proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A) of the Act<sup>3</sup> and Rule 19b-4(f)(6)(iii) thereunder,<sup>4</sup> which renders it effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

### **I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange filed a proposal to amend Rule 11.7, Opening Process, to await a two-sided quotation from the listing exchange prior to re-opening a security for trading following a halt, suspension, or pause in trading.

The text of the proposed rule change is available at the Exchange’s Web site at [www.batstrading.com](http://www.batstrading.com), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

### **II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

#### **A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change**

##### **1. Purpose**

The Exchange proposes to amend Rule 11.7, Opening Process, to await a two-sided quotation from the listing exchange prior to re-opening a security for trading following a halt, suspension, or pause in trading.

Exchange Rule 11.7 describes the Exchange’s current Opening and Re-Opening Process. Subparagraph (e) to Rule 11.7 states that while a security is

subject to a halt, suspension, or pause in trading, the Exchange will accept orders for queuing prior to the resumption of trading in the security for participation in the Re-Opening Process. Subparagraph (a) to Rule 11.7 states that, prior to the beginning of the Regular Trading Hours, Users<sup>5</sup> who wish to participate in the Opening Process may enter orders to buy or sell.<sup>6</sup> Subparagraph (a)(2) to Rule 11.7 provides that, with certain exceptions,<sup>7</sup> all orders with a time-in-force instruction of Regular Hours Only may participate in the Opening Process. Subparagraph (e)(1) to Rule 11.7 states that the Re-Opening Process will occur in the same manner described in Rule 11.7(a)(2) and (b) described above,<sup>8</sup> also with certain exceptions.<sup>9</sup>

Subparagraph (e)(1) to Exchange Rule 11.7 also sets forth the process by which the System sets the price of the Re-Opening Process. Currently, the System<sup>10</sup> sets the price of the Re-Opening Process at the midpoint of the: (i) First NBBO subsequent to the first reported trade on the listing exchange following the resumption of trading

<sup>5</sup> See Exchange Rule 1.5(ee).

<sup>6</sup> Orders cancelled prior to the Opening Process will not participate in the Opening Process.

<sup>7</sup> The following order types and instruction may not participate in the opening process: Limit Orders with a Post Only instruction, the Discretionary Range of Limit Orders, ISOs not modified by Rule 11.7(a)(1), and orders with a Minimum Execution Quantity instruction. See Exchange Rule 11.7(a)(2). Limit Orders with a Reserve Quantity may participate to the full extent of their displayed size and Reserve Quantity. *Id.* Limit Orders with a Discretionary Range may participate up to their ranked limit price for buy orders or down to their ranked limit price for sell orders. *Id.* All Limit Orders with a Pegged instruction, as defined in Exchange Rule 11.6(i), will be eligible for execution in the Opening Process based on their pegged prices. *Id.*

<sup>8</sup> Subparagraph (b) to Rule 11.7 states that the Exchange will open by performing the Opening Process in which the System will attempt to match buy and sell orders that are executable at the midpoint of the National Best Bid and Offer (“NBBO”). Furthermore, subparagraph (b) of Rule 11.7 also states that all orders executable at the midpoint of the NBBO will continue to be processed in time sequence, beginning with the order with the oldest time stamp. Matches occur until there are no remaining contra-side orders or there is an imbalance of orders. An imbalance of orders may result in orders that cannot be executed in whole or in part. Any unexecuted orders may then be placed by the System on the EDGX Book, cancelled, executed, or routed to away Trading Centers in accordance with the Users’ instructions pursuant to Exchange Rule 11.11.

<sup>9</sup> Orders without a time-in-force (“TIF”) instruction of Regular Hours Only are eligible to participate in the Re-Opening Process, but orders that include a TIF instruction of IOC or FOK, a Post Only instruction or Minimum Execution Quantity instruction will be cancelled or rejected, as applicable, and any ISO that does not include a TIF instruction of IOC or FOK will be converted into a non-ISO and be queued for participation in the Re-Opening Process. See Exchange Rule 11.7(e)(1).

<sup>10</sup> See Exchange Rule 1.5(cc).

after a halt, suspension, or pause; or (ii) NBBO when the first two-sided quotation is published by the listing exchange following the resumption of trading after a halt, suspension, or pause if no first trade is reported by the listing exchange within one second of publication of the first two-sided quotation by the listing exchange.

The Exchange proposes to amend subparagraph (e)(1) to Rule 11.7 to now await a two-sided quotation from the listing exchange prior to opening a security for trading. As amended, subparagraph (e)(1) to Rule 11.7 would state that the System would set the price of the Re-Opening Process at the midpoint of the first NBBO subsequent to the first reported trade *and first two-sided quotation* on the listing exchange following the resumption of trading after a halt, suspension, or pause. The Exchange will utilize the current NBBO to calculate the security’s re-opening price once a trade and two-sided quotation are received from the listing exchange, regardless of the order in which the trade or quotation are received. The Exchange believes the proposed rule change will enable the listing market’s quotation to be incorporated into the NBBO, which the Exchange would, in turn, utilize in its calculation of the midpoint of the NBBO. The Exchange believes doing so would result in a re-opening price that more closely reflects the market prices and conditions for that security. Under subparagraph (e)(1) to Rule 11.7, the Exchange will continue to alternatively set the price of the Re-Opening Process at the midpoint of the NBBO when the first two-sided quotation is published by the listing exchange following the resumption of trading after a halt, suspension, or pause if no first trade is reported by the listing exchange within one second of publication of the first two-sided quotation by the listing exchange.

##### **2. Statutory Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Act<sup>11</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act<sup>12</sup> in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes

<sup>3</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>4</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>11</sup> 15 U.S.C. 78f(b).

<sup>12</sup> 15 U.S.C. 78f(b)(5).

the proposed rule change will promote just and equitable principles of trade, removes impediments to, and perfect the mechanism of, a free and open market and a national market system because it enables the System to execute the Re-Opening Process at a price that is objectively established by the market for the security. The proposal would enable the listing market's quotation to be incorporated into the NBBO, which the Exchange would, in turn, utilize in its calculation of the midpoint of the NBBO. The Exchange believes doing so would result in a re-opening price that more closely reflect the market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change promotes just and equitable principles of trade because it ensures a midpoint price that the Exchange believes would accurately reflect the market for the security.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposal will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will enable the Exchange to incorporate the listing market's quotation into its calculation of the midpoint of the NBBO, resulting in a re-opening price that would more closely reflect the opening market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change will promote competition by enhancing the quality of the Exchange's opening process.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has neither solicited nor received written comments on the proposed rule change.

#### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>13</sup> and Rule 19b-4(f)(6) thereunder.<sup>14</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>15</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>16</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that waiver of the 30-day operative delay would allow market participants to immediately realize the benefits of what may be more accurate re-opening prices. Based on the foregoing, the Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.<sup>17</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

#### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

<sup>16</sup> 17 CFR 240.19b-4(f)(6)(iii).
