

the proposed rule change will promote just and equitable principles of trade, removes impediments to, and perfect the mechanism of, a free and open market and a national market system because it enables the System to execute the Re-Opening Process at a price that is objectively established by the market for the security. The proposal would enable the listing market's quotation to be incorporated into the NBBO, which the Exchange would, in turn, utilize in its calculation of the midpoint of the NBBO. The Exchange believes doing so would result in a re-opening price that more closely reflect the market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change promotes just and equitable principles of trade because it ensures a midpoint price that the Exchange believes would accurately reflect the market for the security.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposal will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will enable the Exchange to incorporate the listing market's quotation into its calculation of the midpoint of the NBBO, resulting in a re-opening price that would more closely reflect the opening market prices and conditions for that security. Therefore, the Exchange believes the proposed rule change will promote competition by enhancing the quality of the Exchange's opening process.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

The Exchange has neither solicited nor received written comments on the proposed rule change.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>13</sup> and Rule 19b-4(f)(6) thereunder.<sup>14</sup>

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act<sup>15</sup> normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)<sup>16</sup> permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that waiver of the 30-day operative delay would allow market participants to immediately realize the benefits of what may be more accurate re-opening prices. Based on the foregoing, the Commission believes the waiver of the operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.<sup>17</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

#### *Electronic Comments*

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File No. SR-BatsEDGX-2016-24 on the subject line.

Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

<sup>13</sup> 17 CFR 240.19b-4(f)(6).

<sup>16</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>17</sup> For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

#### *Paper Comments*

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File No. SR-BatsEDGX-2016-24. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-BatsEDGX-2016-24, and should be submitted on or before July 7, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>18</sup>

<sup>13</sup> 15 U.S.C. 78s(b)(3)(A).

**SUMMARY:** The U.S. Department of State (Department) is issuing this notice to advise the public that on June 10, 2016 the Department approved a Finding of No Significant Impact (FONSI) based on the Final Environmental Assessment (Final EA) for the NuStar Burgos Pipeline Projects Presidential Permit Applications Review. The Department prepared the Final EA consistent with the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321, *et seq.*), the regulations of the Council on Environmental Quality (CEQ) (40 CFR parts 1500–1508), and the Department's implementing regulations (22 CFR part 161). The Department has determined the proposed action would not have a significant effect on the environment and therefore, the preparation of an Environmental Impact Statement is not required. The FONSI is not a decision on the Presidential Permit applications. In accordance with Executive Order (E.O.) 13337, the Department will now proceed to make a determination as to whether issuance of Presidential Permits for NuStar Logistics, L.P.'s proposed cross-border pipeline facilities projects would serve the national interest. That determination process involves consideration of many factors, including foreign policy; energy security; environmental, cultural, and economic impacts; compliance with applicable law and regulations; and other issues.

**DATES:** The FONSI and Final EA are available as of the publication date of this notice.

**ADDRESSES:** Copies of the FONSI and Final EA are available at the following:

- McAllen Public Library, 4001 N. 23rd St., McAllen, TX 78504
- <http://www.state.gov/e/enr/applicant/applicants/c66757.htm>

Copies of the FONSI and Final EA may also be requested by email at [NuStarBurgosReview@state.gov](mailto:NuStarBurgosReview@state.gov) or by mail from: Burgos Project Manager, Office of Environmental Quality and Transboundary Issues (OES/EQT): Suite 2726, U.S. Department of State, 2201 C Street NW., Washington, DC 20520.

**SUPPLEMENTARY INFORMATION:** The Department evaluates Presidential permit applications under E.O. 13337 and E.O. 14432. E.O. 13337 delegates to the Secretary of State the President's authority to receive applications for permits for the construction, connection, operation, or maintenance of facilities for the exportation or importation of petroleum, petroleum products, coal, or other fuels (except for natural gas), at the borders of the United States, and to issue or deny such

Presidential Permits upon a national interest determination.

In December 2014, NuStar submitted two applications to the Department. The first application requests a new Presidential Permit to replace a 2006 Presidential Permit, that would: (1) Reflect NuStar's name change from Valero Logistics Operations, L.P. to NuStar Logistics, L.P. as the owner and operator of the 34-mile-long 8-inch outer diameter pipeline and border facilities for which NuStar was issued a Presidential Permit in 2006 (Existing Burgos Pipeline) for the import and export of light naphtha and (2) authorize the Existing Burgos Pipeline to transport a broader range of petroleum products than previously authorized, including diesel, gasoline, jet fuel, liquefied petroleum gas, and natural gas liquids. The second application requests that the Department issue a Presidential Permit for construction, connection, operation, and maintenance of a new 10-inch outer diameter pipeline and associated facilities in the same right of way as the Existing Burgos Pipeline. The second application also requests authorization for this new pipeline and associated facilities to transport the same range of products requested under the first permit application for the Existing Burgos Pipeline. Both pipelines would connect the Petroleos Mexicanos (PEMEX) Burgos Gas Plant near Reynosa, Tamaulipas, Mexico and the NuStar terminal near Edinburg, Texas in Hidalgo County, Texas at the United States-Mexico border.
