

Section 2794 directs the Secretary to ensure the public disclosure of information and justification relating to unreasonable rate increases. Section 2794 requires that health insurance issuers submit justification for an unreasonable rate increase to CMS and the relevant state prior to its implementation. Additionally, section 2794 requires that rate increases effective in 2014 (submitted for review in 2013) be monitored by the Secretary, in conjunction with the states.

To those ends, section 154 of the CFR establishes various reporting requirements for health insurance issuers, including a Preliminary Justification for a proposed rate increase, a Final Justification for any rate increase determined by a state or CMS to be unreasonable, and a notification requirement for unreasonable rate increases which the issuer will not implement.

In order to obtain the information necessary to monitor premium increases of health insurance coverage offered through an Exchange and outside of an Exchange, 45 CFR 154.215 would require health insurance issuers to submit the Unified Rate Review Template for all single risk pool coverage products in the individual or small group (or merged) market, regardless of whether any plan within a product is subject to a rate increase. That regulation would also require health insurance issuers to submit an Actuarial Memorandum (in addition to the Unified Rate Review Template) when a plan within a product is subject to a rate increase. Although the two required documents are submitted at the risk pool level, the requirement to submit is based on increases at the plan level. To conduct a review to assess reasonableness when a plan within a product has a rate increase that is subject to review, health insurance issuers would be required to submit a written description justifying the increase (in addition to the Unified Rate Review Template and Actuarial Memorandum). Although the required documents are submitted at the risk

pool level, the requirement to submit is based on increases at the plan level. *Form Number:* CMS-10379 (OMB control number: 0938-1141); *Frequency:* Yearly; *Affected Public:* Private sector (Business or other for-profits and Not-for-profit institutions) and State agencies; *Number of Respondents:* 1,081; *Total Annual Responses:* 1,621; *Total Annual Hours:* 17,837. Submission for OMB Review; Comment Request

Title: Information Collection and Record Keeping for the Timely Placement and Release of Unaccompanied Children in ORR Care.

OMB No.:

Description: The ORR Unaccompanied Children Program provides placement, care, custody and mandated services for UC until such time as they can be successfully released to a sponsor, repatriated to their home country, or obtain legal status.

Through cooperative agreements and contracts, ORR funds residential care providers that provide temporary housing and other services to unaccompanied children in ORR custody. These care provider facilities are State licensed and must meet ORR requirements to ensure a high level quality of care. They provide a continuum of care for children, including placements in ORR foster care, group homes, shelter, staff secure,

secure, and residential treatment centers. The care providers provide children with classroom education, health care, socialization/recreation, vocational training, mental health services, access to legal services, and case management.

In order to monitor performance and ensure compliance with statutory and regulatory requirements and standards, ORR:

- Collects information from its network of care providers to show evidence that care providers' standards of care, family reunification methods, internal policies and procedures, personnel, training, and other components meet minimum standards and ensure the safety and security of children in ORR care.

- Requires care providers to track the timely release process and delivery of services for individual children and youth to ensure compliance and allow ORR to conduct formal monitoring and performance review.

The tasks described in this supporting statement are mainly conducted through the ORR online database (The UC Portal), which provides a central location for case records and the documentation of other activities (for example, when a child or youth is transferred to another facility). Many of these records are "auto-populated" on the UC Portal once the original data points are completed (such as DOB, "A" number, date of initial placement). The UC Portal is a secure limited access database that requires two factor authentication. The use of electronic records also allows ORR Project Officers to more easily monitor grantee compliance with standards of care and record keeping compared with hard copy case files that are only available onsite. The database also allows ORR to more easily calculate bed capacity throughout the network so that resources are efficiently distributed, particularly during an influx when large numbers of unaccompanied children are crossing the border.

Announcement of the Award Two Single-Source Program Expansion Supplement Grant to Southwest Keys, Inc., Austin, TX.

AGENCY: Office of Refugee Resettlement, ACF, HHS.

ACTION: Notice of Award of two (2) single-source program expansion supplement grant to Southwest Keys, Inc. (SWK), in Austin, TX.

SUMMARY: The Administration for Children and Families (ACF), Office of Refugee Resettlement (ORR), announces the award of two (2) single-source program expansion supplement grant for \$26,254,260 and \$16,647,310 under the Unaccompanied Children's (UC) Program to support a program expansion supplement.

ORR has been identifying additional capacity to provide shelter for potential increases in apprehensions of Unaccompanied Children at the U.S. Southern Border. Planning for increased shelter capacity is a prudent step to ensure that ORR is able to meet its responsibility, by law, to provide shelter for Unaccompanied Children referred to its care by the Department of Homeland Security (DHS).

SWK has the infrastructure, licensing, and experience to meet the service requirements and the urgent need for expansion of capacity.

DATES: Supplemental award funds will support activities from October 1, 2015 through September 30, 2016.

FOR FURTHER INFORMATION CONTACT:

Jalyn Sualog, Director, Division of Children's Services, Office of Refugee Resettlement, 330 C Street SW., Washington, DC 20201. Email: DCSProgram@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: ORR is continuously monitoring its capacity to shelter the unaccompanied children referred to HHS, as well as the information received from interagency partners, to inform any future decisions or actions.

ORR has specific requirements for the provision of services. Award recipients must have the infrastructure, licensing, experience, and appropriate level of trained staff to meet those requirements. The expansion of the existing program and its services through this supplemental award is a key strategy for ORR to be prepared to meet its responsibility to provide shelter for Unaccompanied Children referred to its care by DHS and so that the US Border Patrol can continue its vital national security mission to prevent illegal migration, trafficking, and protect the borders of the United States.

Statutory Authority: This program is authorized by—

(A) Section 462 of the Homeland Security Act of 2002, which in March 2003, transferred responsibility for the care and custody of Unaccompanied Alien Children from the Commissioner of the former Immigration and Naturalization Service (INS) to the Director of ORR of the Department of Health and Human Services (HHS).

(B) The Flores Settlement Agreement, Case No. CV85-4544RJK (C.D. Cal. 1996), as well as the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Pub. L. 110-457), which authorizes post release services under certain conditions to eligible children. All programs must comply with the Flores Settlement Agreement, Case No. CV85-4544-RJK (C.D.
