SUPPLEMENTARY INFORMATION: Effective July 1, 2007, the Federal Highway Administration (FHWA) assigned, and the California Department of Transportation (Caltrans) assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327.

Notice is hereby given that Caltrans and USFWS have taken final agency actions subject to 23 U.S.C. 139(l)(1) by issuing licenses, permits, and approvals for the following highway project in the State of California: Construction of one or two tolled express lanes in each direction on I-15 in Riverside County between PM 36.8 and PM 51.4. Sign improvements would also be made to inform and guide users of the new tolled express lanes. Advanced signage is required to be posted at a minimum of two miles prior to the start of the tolled express lanes. The project limits for the signage extend from PM 34.7 in Riverside County to PM 1.3 in San Bernardino County. The Build Alternative would specifically provide one tolled express lane in each direction from Cajalco Road to Hidden Valley Parkway, provide two tolled express lanes in each direction from Hidden Valley Parkway northbound and Second Street southbound (Norco) to Cantu Galleano Ranch Road (Eastvale/Jurupa Valley), and construct one tolled express lane in each direction from Cantu Galleano Ranch Road (Eastvale/Jurupa Valley) to SR-60, with isolated outside widening at Riverside Avenue to maintain lane balance for the SR-60 West Bound loop connector.

The total length of the express lanes is approximately 14.6 miles. The purpose of the I-15 Express Lanes Project is to improve existing and future traffic operations and mainline travel times, expand travel choice, increase travel time reliability, and expand tolled express lane network. The lane improvements are located within Riverside County, California, and from south to north run through the cities of Corona, Norco, Eastvale, and Jurupa Valley and portions of unincorporated Riverside County.

The actions by the Federal agencies, and the laws under which such actions

were taken, are described in the Environmental Assessment (EA) with a Finding of No Significant Impact (FONSI) for the project, approved on May 4, 2016, and in other documents in the project records. The EA/FONSI, and other project records are available by contacting Caltrans at the address provided above. Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

Electronic Access

An electronic copy of this document may be downloaded from the **Federal Register's** home page at: <http://www.archives.gov> and the Government Printing Office's database at: <http://www.access.gpo.gov/nara>.

Background

The FHWA's Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding FHWA's finding that a Buy America waiver is appropriate for use of non-domestic Voith 21/R5 propulsion units compatible with domestic Caterpillar engine 3512C/1600 rpm for a new Jamestown Ferry vessel in the State of Virginia.

In accordance with Division K, section 122 of the "Consolidated and Further Continuing Appropriations Act, 2015" (Pub. L. 113-235), FHWA published a notice of intent to issue a waiver on its Web site (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=124>) on April 21. The FHWA received no comments in response to the publication. Based on all the information available to the agency, FHWA concludes that there are no domestic manufacturers Voith 21/R5 propulsion units compatible with domestic Caterpillar engine 3512C/1600

rpm for a new ferry boat in the State of Virginia.

In accordance with the provisions of section 117 of the SAFETEA-LU Technical Corrections Act of 2008 (Pub. L. 110-244, 122 Stat. 1572), FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to FHWA's Web site via the link provided to the waiver page noted above.
