

Public Comment

We are furnishing this notice in accordance with section 1501.7 of the NEPA implementing regulations to obtain suggestions and information from other agencies and the public on the scope of issues to be addressed in the EIS/EIR. We invite written comments from interested parties to ensure identification of the full range of issues.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Scoping Meeting

In addition to providing written comments, the public is encouraged to attend a public scoping meeting on Thursday, June 30, 2016, to provide us with suggestions and information on the scope of issues and alternatives to consider when drafting the EIS/EIR. The location of the public scoping meeting is provided in **DATES**.

Persons needing reasonable accommodations in order to attend and participate in the public meeting should contact us at the address in **ADDRESSES** no later than 1 week before the public meeting. Information regarding the proposed restoration is available in alternative formats upon request. We will accept written comments at the scoping meeting or afterwards.

Alexandra Pitts,

Acting Regional Director, Pacific Southwest Region.

Endangered Species Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service, invite the public to comment on the following applications to conduct certain activities with

endangered species. With some exceptions, the Endangered Species Act (Act) prohibits activities with endangered and threatened species unless a Federal permit allows such activity. The Act also requires that we invite public comment before issuing recovery permits to conduct certain activities with endangered species.

DATES: Comments on these permit applications must be received on or before July 20, 2016.

ADDRESSES: Written data or comments should be submitted to the Endangered Species Program Manager, U.S. Fish and Wildlife Service, Region 8, 2800 Cottage Way, Room W-2606, Sacramento, CA 95825 (telephone: 916-414-6464; fax: 916-414-6486). Please refer to the respective permit number for each application when submitting comments.

FOR FURTHER INFORMATION CONTACT:

Daniel Marquez, Fish and Wildlife Biologist; see **ADDRESSES** (telephone: 760-431-9440; fax: 760-431-9624).

SUPPLEMENTARY INFORMATION: The following applicants have applied for scientific research permits to conduct certain activities with endangered species under section 10(a)(1)(A) of the Act (16 U.S.C. 1531 *et seq.*). Proposed Low-Effect Habitat Conservation Plan for the Valley Elderberry Longhorn Beetle and Giant Garter Snake; South River Pump Station, Yolo County, California

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; receipt of permit application; proposed low-effect habitat conservation plan; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have received an application from the Sacramento Regional County Sanitation District (applicant) for a 5-year incidental take permit under the endangered Species Act of 1973, as amended (Act). The application addresses the potential for "take" of two listed animals, the valley elderberry longhorn beetle and giant garter snake, likely to result from the construction of a new flood protection levee and raised all-weather access road around the existing South River Pump Station. The applicant would implement a conservation program to minimize and mitigate the project activities, as described in the applicant's low-effect habitat conservation plan (HCP). We request comments on the application package, which includes the HCP and our preliminary determination that the HCP qualifies as a "low-effect" HCP, eligible for a categorical exclusion under the National Environmental Policy Act of 1969, as amended (NEPA). We discuss our basis for this determination in our environmental action statement (EAS), also available for public review.

DATES: To ensure consideration, please send your written comments by July 20, 2016.

ADDRESSES:

Submitting Comments: Please address written comments to Lori Rinek, Section 10 Coordinator, U.S. Fish and Wildlife Service, Bay-Delta Fish and Wildlife Office, 650 Capitol Mall, Suite 8-300, Sacramento, CA 95814. Alternatively, you may send comments by facsimile to (916) 930-5654.

Reviewing Documents: You may obtain copies of the HCP and EAS from the individuals in **FOR FURTHER INFORMATION CONTACT**, or from the Bay-Delta Fish and Wildlife Office Web site at <http://www.fws.gov/sfbaydelta>. Copies of these documents are also available for public inspection, by appointment, during regular business hours, at the Bay-Delta Fish and Wildlife Office.
