

decision to re-determine descent and distribution of those interests. There would be no change to the requirement that any *removal* of property from a decedent's inventory would require action by OHA. See 43 CFR 30.127.

3. Clarify OHA's Authority To Order Distribution of Trust Funds

The current regulation at 43 CFR 30.254 governs how a judge distributes a decedent's trust or restricted property when the decedent died without a valid will and has no heirs. The rule establishes different distributions based on whether 25 U.S.C. 2206(a) applies, but does not identify trust personalty as a stand-alone category of trust property for distribution (where there are no land interests in the decedent's estate or within the jurisdiction of any tribe).

Revision under consideration:

- A modification to this regulation would provide clear authority for OHA to order distribution of trust funds when there are either no land interests in a decedent's estate or no land interests within the jurisdiction of any tribe. Additionally, where the estate contains trust personalty associated with one tribe but interests in trust lands associated with another, OHA would order the trust personalty distributed to the tribe with sufficient nexus to the funds, as determined by the judge, and the land distributed to the tribe with jurisdiction over those interests.
