

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission**

[Project No. 4283–005]

**Fred N. Sutter, Jr.; Shamrock Utilities, LLC; Notice of Transfer of Exemption**

1. By letter filed May 16, 2016, Fred N. Sutter, Jr. informed the Commission that the exemption from licensing for the Sutter's Mill Project No. 4283, originally issued March 1, 1982<sup>1</sup> has been transferred to Shamrock Utilities, LLC. The project is located on Millseat Creek in Shasta County, California. The transfer of an exemption does not require Commission approval.

2. Shamrock Utilities, LLC is now the exemptee of the Sutter's Mill Project, No. 4283. All correspondence should be forwarded to: Mr. Rocky Ungaro, Shamrock Utilities, LLC, P.O. Box 859, Palo Cedro, CA 96073.

Dated: June 15, 2016.

BILLING CODE 6717–01–P

<sup>1</sup> 18 FERC ¶ 62,359 (1982), Order Granting Exemption from Licensing of a Small Hydroelectric Project of 5 Megawatts or Less.

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission**

[Docket No. CP15–520–000]

**Tennessee Gas Pipeline Company, LLC; Notice of Availability of the Environmental Assessment for the Proposed Triad Expansion Project**

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Triad Expansion Project, proposed by Tennessee Gas Pipeline Company, LLC (Tennessee) in the above-referenced docket. Tennessee requests authorization to construct and operate pipeline facilities, to modify existing aboveground facilities, and add new tie-in facilities in Susquehanna County, Pennsylvania.

The EA assesses the potential environmental effects of the construction and operation of the Triad Expansion Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The proposed Triad Expansion Project includes the following facilities:

- Approximately 7.0 miles of new 36-inch-diameter looping<sup>1</sup> pipeline in Susquehanna County, Pennsylvania;
- A new internal pipeline inspection (“pig”) launcher, crossover, and connecting facilities at the beginning of the proposed pipeline loop in Susquehanna County, Pennsylvania; and
- A new “pig” receiver, a new odorant facility, and ancillary piping at the existing Compressor Station 321 in Susquehanna County, Pennsylvania.

The FERC staff mailed copies of the EA to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; newspapers and libraries in the project area; and parties to this proceeding. In addition, the EA is available for public viewing on the FERC's Web site ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. A limited number of copies of the EA are available for distribution and public

<sup>1</sup> A pipeline loop is a segment of pipe constructed parallel to an existing pipeline to increase capacity.
