

Background

On December 12, 2013, Enbridge Pipelines (Lakehead) L.L.C. (Enbridge) received an ITP for take of the Hine's Emerald Dragonfly (*Somatochlora hineana*) that may occur during inspection and repair of three sections of Enbridge's Line 5 (30-inch diameter) pipeline in Garfield Township, Mackinac County. The permit was amended on January 25, 2015, to include a fourth section of pipeline within the original HCP boundaries (2.64 acres). The project is located approximately 1 mile east of the City of Engadine, Michigan, along the Enbridge right-of-way (ROW).

Applicant's Proposed Action

Enbridge has completed the pipeline inspection and maintenance and all required mitigation measures, per the HCP. Enbridge has also conducted annual monitoring and submitted annual reports. The monitoring indicates that the performance and success criteria for restoration of the site have been only partially met. Enbridge requests renewal of the ITP to continue monitoring of the restoration and implement any remedial measures, if necessary, until December 31, 2017.

Reviewing Documents and Submitting Comments

Please refer to permit number TE03689B-1 when submitting comments. The permit application and supporting documents may be obtained on the Internet at <http://www.fws.gov/midwest/endangered/permits/hcp/r3hcps.html>. Persons without access to the Internet may obtain copies of the permit application by contacting the U.S. Fish and Wildlife Service (**ADDRESSES**). The permit application and supporting documents will also be available for public inspection, by appointment, during normal business hours (8 a.m. to 4 p.m.) at the USFWS Lansing office (see **ADDRESSES**). Written comments will be accepted as described under **ADDRESSES**.

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that the entire comment, including your personal identifying information, may be made available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Next Steps

We will evaluate the permit application, including comments we receive, to determine whether the application meets the requirements of section 10(a)(1)(B) of the Act. We will also evaluate whether renewal of the ITP would comply with section 7(a)(2) of the Act by conducting an intra-Service Section 7 consultation. We will use the results of our internal Service consultation, in combination with the above findings, in our final analysis to determine whether to renew the permit. If the requirements are met, we will renew the ITP. We will make the final permit decision no sooner than 30 days after the date of this notice.

Authority

We provide this notice under section 10 of the ESA (16 U.S.C. 1531 *et seq.*), section 668a of the Eagle Act (16 U.S.C. 668a-668d), NEPA (42 U.S.C. 4321 *et seq.*), and NEPA regulations (40 CFR 1501.7, 1506.5, 1506.6 and 1508.22).

Dated: June 15, 2016.

Sean Marsan,

Acting Assistant Regional Director, Ecological Services, Midwest Region.

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX16GA01GD0SH00]

White House National Science and Technology Council; Subcommittee on Disaster Reduction; U.S. National Platform for the United Nations Office for Disaster Risk Reduction

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of listening session for the U.S. National Platform.

SUMMARY: Pursuant to Public Law 106-148, the U.S. National Platform for the United Nations Office for Disaster Risk Reduction (UNISDR)—facilitated by the White House National Science and Technology Council (NSTC) Subcommittee on Disaster Reduction (SDR), which is co-chaired by the U.S. Geological Survey—plans to host a listening session at the 41st Natural Hazards Center Annual Workshop (Interlocken A, Omni Interlocken Resort, Broomfield, Colorado) to hear multi-sectoral perspectives from non-governmental organizations, academic institutions, local and state governments, and private corporations on the implementation of targets and

indicators for UNISDR's *Sendai Framework for Disaster Risk Reduction 2015-2030*.

DATES: Sunday, July 10, 2016, from 7:00 p.m.-9:00 p.m. Mountain Daylight Time.

FOR FURTHER INFORMATION CONTACT: For further information about the event or to RSVP to attend, please contact David Applegate, U.S. Geological Survey, Mail Stop 111, National Center, Reston, Virginia 20192, 703-648-6600 or Bret Schothorst, NSTC Subcommittee on Disaster Reduction Executive Secretary, 703-388-0312.

SUPPLEMENTARY INFORMATION: Per the Federal Advisory Committee Act, the U.S. National Platform for UNISDR must advertise any formal listening session or consultation with outside groups in the **Federal Register**. This event is free and open to the public.

James D.R. Applegate,

Co-Chair, Subcommittee on Disaster Reduction, Associate Director for Natural Hazards, U.S. Geological Survey.
