BILLING CODE 4337-15-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

26 CFR Part 1

[REG-108060-15]

RIN 1545-BN40

Treatment of a Certain Interests in Corporations as Stock or Indebtedness; Hearing

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice of a public hearing on notice of proposed rulemaking.

SUMMARY: This document provides a notice of public hearing on proposed regulations under section 385 of the Internal Revenue Code that would authorize the Commissioner to treat certain related-party interests in a corporation as indebtedness in part and stock in part for federal tax purposes, and establish threshold documentation requirements that must be satisfied in order for certain related-party interests in a corporation to be treated as indebtedness for federal tax purposes. The proposed regulations also would treat as stock certain related-party interests that otherwise would be treated as indebtedness for federal tax purposes.

DATES: The public hearing is being held on Thursday, July 14, 2016, at 10:00 a.m. Written or electronic comments and outlines of the topics to be discussed at the public hearing are still being accepted and must be received by July 7, 2016.

ADDRESSES: The public hearing is being held in the IRS Auditorium, Internal Revenue Service Building, 1111 Constitution Avenue NW., Washington, DC 20224. Due to building security procedures, visitors must enter at the Constitution Avenue entrance. In addition, all visitors must present photo identification to enter the building.

Send Submissions to CC:PA:LPD:PR (REG-108060-15), Room 5205, Internal

Revenue Service, P.O. Box 7604, Ben Franklin Station, Washington, DC 20044. Submissions may be hand-delivered Monday through Friday to CC:PA:LPD:PR (REG-108060-15), Couriers Desk, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, DC 20224 or sent electronically via the Federal eRulemaking Portal at www.regulations.gov (IRS REG-108060-15).

FOR FURTHER INFORMATION CONTACT:

Concerning the proposed regulations, Austin M. Diamond-Jones at (202) 317-5363, and Raymond J. Stahl at (202) 317-6938; concerning submissions of comments, the hearing and/or to be placed on the building access list to attend the hearing Regina Johnson at (202) 317-6901 (not toll-free numbers).

SUPPLEMENTARY INFORMATION: The subject of the public hearing is the notice of proposed rulemaking (REG-108060-15) that was published in the **Federal Register** on Friday, April 8, 2016 (81 FR 20912).

The rules of 26 CFR 601.601(a)(3) apply to the hearing. Persons who wish to present oral comments at the hearing must submit an outline of the topics to be addressed and the amount of time to be devoted to each topic by Thursday, July 7, 2016.

A period of 10 minutes is allotted to each person for presenting oral comments. After the deadline for receiving outlines has passed, the IRS will prepare an agenda containing the schedule of speakers. Copies of the agenda will be made available, free of charge, at the hearing or by contacting the Publications and Regulations Branch at (202) 317-6901 (not a toll-free number).

Because of access restrictions, the IRS will not admit visitors beyond the immediate entrance area more than 30 minutes before the hearing starts. For information about having your name placed on the building access list to attend the hearing, see the **FOR FURTHER INFORMATION CONTACT** section of this document.

Martin V. Franks,

Chief, Publications and Regulations Branch, Legal Processing Division, Associate Chief Counsel, (Procedure and Administration).

BILLING CODE 4830-01-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2015-0492]

RIN 1625-AA00

Safety Zone; Lower Niagara River at Niagara Falls, New York

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish regulations for a permanent safety zone within the Captain of the Port Zone Buffalo on the Lower Niagara River, Niagara Falls, NY.

This proposed rule is intended to restrict vessels from a portion of the Lower Niagara River considered not navigable as listed in the United States Coast Pilot Book 6—Great Lakes: Lake Ontario, Erie, Huron, Michigan and Superior and St. Lawrence River and more specifically as described below. The safety zone to be established by this proposed rule is necessary to protect the public and vessels from the hazards associated with the heavy rapids in the narrow waterway of the Lower Niagara River.

DATES: Comments and related materials must be received by the Coast Guard on or before September 19, 2016.

ADDRESSES: You may submit comments identified by docket number USCG-2015-0492 using any one of the following methods:

(1) *Federal eRulemaking Portal:*

<http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001.

(4) *Delivery:* At the same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these four methods. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email LTJG Amanda Garcia, Chief of Waterways Management, U.S. Coast Guard Sector Buffalo; telephone

716-843-9322, email SectorBuffaloMarineSafety@uscg.mil. If you have questions on viewing or submitting material to the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

NPRM Notice of Proposed Rulemaking
TFR Temporary Final Rule

A. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG-2015-0492), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov> or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when the comment is successfully transmitted. If you fax, hand deliver, or mail your comment, it will be considered received by the Coast Guard when the comment is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number [USCG-2015-0492] in the "SEARCH" box and click "SEARCH." Click on "Submit a Comment" on the line associated with this rulemaking.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider

all comments and material received during the comment period and may change the rule based on your comments.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type the docket number (USCG-2015-0492) in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

3. Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

4. Public Meeting

We do not now plan to hold a separate public meeting on this subject. You may submit a request for an additional and/or separate meeting using one of the methods specified under **ADDRESSES**. Any subsequent meetings held where public comment is sought to aid this rulemaking will be held at a time and place announced by a later notice in the **Federal Register**.

B. Regulatory History and Information

The Coast Guard has already established a permanent safety zone in the Upper Niagara River per 33 CFR 165.902(a) to protect the boating public from the dangers of the waters above and at Niagara Falls. These waters include the United States waters of the Niagara River from the crest of the American and Horseshoe Falls, Niagara Falls, New York to a line drawn across the Niagara River from the downstream side of the mouth of Gill Creek to the upstream end of the breakwater at the mouth of the Welland River.

The heavy rapids in the section of the Lower Niagara River downstream of Niagara Falls have not historically been subject to regular navigation of vessels. In early 2014, the Captain of the Port Zone Buffalo received reports of vessels transiting this section of the Niagara

River. These reports prompted further evaluation of the safety of the entire waterway. This NPRM was not preceded by an Advance Notice of Proposed Rulemaking (ANPRM), and thus no public comments have yet to be received.

C. Basis and Purpose

Due to the reports of vessels transiting this section of the Lower Niagara River an evaluation of the safety of navigation on the heavy rapids was undertaken by federal, state, and local agencies that have cognizance over the waterway. These agencies include the United States Coast Guard, the New York Office of Parks, Recreation, and Historic Preservation (OPRHP), and the New York State Park Police (NYSPP).

The purpose of the evaluation was to determine what, if any, rescue capability exists that would be able to respond to vessels and/or passengers in distress in the heavy rapids of the river south of the whirlpool rapids to the International Railroad Bridge.

Currently, the only agencies that could possibly provide response capabilities include the United States Coast Guard and the New York State Park Police (NYSPP). The NYSPP, per a Memorandum of Agreement between the New York State Office of Parks, Recreation and Historic Preservation (OPRHP), the NYSPP, and the Coast Guard, is the Search and Rescue Mission Coordinator (SMC) in the proposed area.

The NYSPP does not have search and rescue capabilities in these waters beyond shore-based rescue and recovery. Additionally, applicable New York state law prohibits launching a vessel in these areas. The United States Coast Guard similarly is limited in its ability to respond to any vessel casualty that may occur in these waters, as there are neither vessel capabilities nor adequate air support in the area.

Accordingly, the Captain of the Port Zone Buffalo has determined that no feasible rescue capability exists for vessels in distress or persons in the water in the heavy rapids south of the whirlpool rapids to the International Railroad Bridge. The Coast Guard proposes this rulemaking under authority in 33 U.S.C. 1231

D. Discussion of Proposed Rule

With the aforementioned hazards and lack of adequate rescue capability, the Captain of the Port Zone Buffalo proposes to establish a permanent safety zone that will ensure the safety of the public.

(a) The proposed safety zone will encompass all waters of the Lower

Niagara River, Niagara Falls, NY from a straight line drawn from position 43°07'10.70" N., 079°04'02.32" W. (NAD 83) and 43°07'09.41" N., 079°04'05.41" W. (NAD 83) just south of the whirlpool rapids from the east side of the river to the international border of the United States, to a straight line drawn from position 43°06'34.01" N., 079°03'28.04" W. (NAD 83) and 43°06'33.52" N., 079°03'30.42" W. (NAD 83) at the International Railroad Bridge. Entry into, transiting, or anchoring within the proposed safety zone is prohibited unless authorized by the Captain of the Port Zone Buffalo.

E. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

1. Regulatory Planning and Review

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS). We conclude that this proposed rule is not a significant regulatory action because we anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients, and will not raise any novel legal or policy issues. The safety zone created by this proposed rule will be relatively small and is designed to minimize its impact on navigable waters.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on

a substantial number of small entities. This proposed rule may affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit in the portion of American waters at the whirlpool rapids.

This proposed safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: There have not been a substantial number of small entities attempting navigation on this section of the river.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this proposed rule would economically affect it.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), the Coast Guard wants to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above. The Coast Guard will not retaliate against small entities that comment on this proposed rule or any policy or action of the Coast Guard.

4. Collection of Information

This proposed rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and determined that this rulemaking does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your

message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this proposed rule elsewhere in this preamble.

8. Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children From Environmental Health Risks

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This proposed rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

11. Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This proposed rule is not a "significant energy action" under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This proposed rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Commandant Instruction because it involves the establishment of a safety zone.

A preliminary environmental analysis checklist and a preliminary categorical exclusion determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5; Department of Homeland Security Delegation No. 0170.1

- 2. Add § 165.902(b) to read as follows:

§ 165.902 Niagara River at Niagara Falls, New York—safety zone.

* * * * *

(b) The following is a safety zone—The United States waters of the Lower Niagara River, Niagara Falls, NY from a straight line drawn from position 43°07'10.70" N., 079°04'02.32" W. (NAD 83) and 43°07'09.41" N., 079°04'05.41" W. (NAD 83) just south of the whirlpool rapids from the east side of the river to the international border of the United States, to a straight line drawn from position 43°06'34.01" N., 079°03'28.04" W. (NAD 83) and 43°06'33.52" N.,

079°03'30.42" W. (NAD 83) at the International Railroad Bridge.

Dated: June 15, 2016.

B.W. Roche,

Captain, U.S. Coast Guard, Captain of the Port Buffalo.

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R02-OAR-2016-0320; FRL-9947-96-Region 2]

Disapproval of Interstate Transport Requirements for the 2008 Ozone National Ambient Air Quality Standards; New York

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to partially approve and partially disapprove elements of New York's State Implementation Plan (SIP) submission regarding the infrastructure requirements of section 110(a)(1) and (2) of the Clean Air Act (CAA) for the 2008 ozone national ambient air quality standards (NAAQS). The infrastructure requirements are designed to ensure that the structural components of each state's air quality management program are adequate to meet the state's responsibilities under the CAA. This action pertains specifically to infrastructure requirements concerning interstate transport provisions.

DATES: Comments must be received on or before July 21, 2016.

ADDRESSES: Submit your comments, identified by Docket ID Number EPA-R02-OAR-2016-0320 at <http://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the Web, cloud, or other file sharing system). For

additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT:

Kenneth Fradkin, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, NY 10007-1866, (212) 637-3702, or by email at Fradkin.Kenneth@epa.gov.

SUPPLEMENTARY INFORMATION:

- I. Background
- II. EPA's Review
- III. What action is EPA taking?
- IV. Statutory and Executive Order Reviews

I. Background

Section 110(a) of the CAA imposes an obligation upon states to submit SIPs that provide for the implementation, maintenance and enforcement of a new or revised NAAQS within 3 years following the promulgation of that NAAQS. Section 110(a)(2) lists specific requirements that states must meet in these SIP submissions, as applicable. The EPA refers to this type of SIP submission as the "infrastructure" SIP because the SIP ensures that states can implement, maintain and enforce the air standards. Within these requirements, section 110(a)(2)(D)(i) contains requirements to address interstate transport of NAAQS pollutants. A SIP revision submitted for this sub-section is referred to as an "interstate transport SIP." This rulemaking proposes action on the CAA section 110(a)(2)(D)(i) requirements of these submissions. In particular, section 110(a)(2)(D)(i)(I) requires SIPs to contain adequate provisions to prohibit emissions from the state that will contribute significantly to nonattainment of the NAAQS in any other state (commonly referred to as prong 1), or interfere with maintenance of the NAAQS in any other state (prong 2). Section 110(a)(2)(D)(i)(II) requires that infrastructure SIPs include provisions prohibiting any source or other type of emissions activity in one state from interfering with measures required to prevent significant deterioration (PSD) of air quality (prong 3) and to protect visibility (prong 4) in another state.

On March 12, 2008, EPA strengthened the NAAQS for ozone. EPA revised the level of the 8-hour ozone NAAQS from 0.08 parts per million (ppm) to 0.075 ppm. EPA also revised the secondary 8-hour standard to the level of 0.075 ppm making it identical to the revised primary standard. Infrastructure SIPs addressing the revised standard,
