Notice of Lodging of Proposed Amended Consent Decree Under the Clean Air Act

On June 15, 2016, the Department of Justice lodged a proposed Amended Consent Decree with the United States District Court for the Eastern District of Michigan in the lawsuit entitled *United States v. City of Wyandotte*, Civil Action No. 11-cv-12181.

In 2011, the United States entered into a Consent Decree with the City of Wyandotte ("Wyandotte") to resolve allegations under the Clean Air Act that Wyandotte's coal-fired electric generating Units 7 and 8 violated the emissions limits set forth in Wyandotte's Title V permit, its Prevention of Significant Deterioration permit, the New Source Performance Standards, and the federally enforceable Michigan State Implementation Plan. After entry of the Consent Decree, Wyandotte violated several provisions of the original Consent Decree, including failing to submit required reports. Additionally, Wyandotte made some operational changes. Under the proposed Amended Consent Decree, Wyandotte will pay \$425,000 in stipulated penalties, restrict Unit 7 to burning only natural gas, and retire Unit 8.
