A. Overview of Information Collection

Title of Information Collection: ConnectHome Use and Barriers Focus Groups.

OMB Control Number: 2528-New.

Type of Request: New collection.

Form Number: Focus groups.

Description of the need for the information and proposed use: President Barack Obama and HUD Secretary Julián Castro announced ConnectHome on July 15, 2015, as the next step in the Obama Administration's efforts to increase access to high-speed Internet access for all Americans. Through public-private partnerships, nonprofit organizations, businesses, and Internet service providers (ISPs), ConnectHome will offer high-speed Internet service, devices, technical training, and digital literacy programs to residents of HUD-assisted housing in 28 pilot communities, including the Choctaw Nation of Oklahoma. As communities begin to implement ConnectHome in 2016 and connect residents to Internet access within their homes, these focus groups will illuminate how families are taking advantage of ConnectHome as well as

barriers they may encounter. The focus groups will explore ConnectHome subscribers' previous broadband access, current and planned patterns of use, and current and anticipated benefits of their at-home high-speed Internet access.

Questions will emphasize educational Internet use such as completing homework, connecting parents with educators, and applying to college. In addition, the focus groups will explore barriers to signing up for ConnectHome, securing devices, and using the Internet.

Respondents (i.e. affected public): ConnectHome-eligible residents in 5 of the 28 pilot communities.

Estimated Number of Respondents: 55
Total 11 Respondents each at 5.
