

turnaround studies to complement the larger SNP studies. This generic clearance will enable FNS to administer the SNPs more effectively by providing a mechanism for rapidly collecting current information on specific time-sensitive features or issues. The surveys submitted under this generic clearance will be voluntary surveys.

Need and Use of the Information: The surveys submitted under this generic clearance will collect information from key administrators of the SNPs at the State, local, and site level in response to various program and research questions resulting from the larger and more complex SNP studies. The data collected from these quick turnaround studies will be used to answer policy and implementation questions posed by the larger studies and will enable FNS to monitor program funding, comply with statutes and regulations, and adopt program changes.

Please note that in the 60-day **Federal Register** Notice published on November 20, 2015, the estimated burden for this collection was calculated on an annual basis and did not include estimates for the three-year approval period. This notice reports the total burden hours for the three year approval.

Description of Respondents: Not-for profit institutions and State, Local, or Tribal Government.

Number of Respondents: 110,403.

Frequency of Responses: Reporting: On Occasion.

Total Burden Hours: 34,638.

Food and Nutrition Service

Title: Generic Clearance to Conduct Formative Research.

OMB Control Number: 0584–0524.

Summary of Collection: This information collection is based on section 19 of the Child Nutrition Act of 1966 (42 U.S.C. 1787), section 5 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1754) and section 11(f) of the Food and Nutrition Act of 2008 (7 U.S.C. 2020). This information collection will conduct research in support of FNS' goal of delivering science-based nutrition education to targeted audiences. From development through testing of materials and tools with the target audience, FNS plans to conduct data collections that involve formative research including focus groups, interviews (dyad, triad, telephone, etc.), surveys and Web-based collection tools.

Need and Use of the Information: Obtaining formative input and feedback is fundamental to FNS' success in delivering science-based nutrition messages and reaching diverse segments of the population in ways that are

meaningful and relevant. This includes conferring with the target audience, individuals who serve the target audience, and key stakeholders on the communication strategies and interventions that will be developed and on the delivery approaches that will be used to reach consumers. The formative research and testing activities described will help in the development of effective education and promotion tools and communication strategies. Collection of this information will increase FNS' ability to formulate nutrition education interventions that resonate with the intended target population, in particular low-income families.

Description of Respondents: Individuals or households; Not for-profit institutions; Farms; State, Local or Tribal Government.

Number of Respondents: 113,775.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 43,803.

Food and Nutrition Service

Title: Food Program Reporting System (FPRS).

OMB Control Number: 0584–0594.

Summary of Collection: The Food and Nutrition Service (FNS) is consolidating certain programmatic and financial data reporting requirements under the Food Programs Reporting System (FPRS), an electronic reporting system. The purpose is to give State agencies and Indian Tribal Organization (ITO) agencies one portal for the various reporting required for the programs that the State and ITO agencies operate.

Need and Use of the Information: The data collected will be used for a variety of purposes, mainly program evaluation, planning, audits, funding, research, regulatory compliance and general statistics. The data is gathered at various times, ranging from monthly, quarterly, annual or final submissions. Without the information, FNS would be unable to meet its legislative and regulatory reporting requirements for the affected programs.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 5,095.

Frequency of Responses: Reporting: Quarterly, Semi-annually, Monthly; Annually.

Total Burden Hours: 104,556.

Ruth Brown,

Departmental Information Collection Clearance Officer.

Forest Service

Notice of New Fee Site; Federal Lands Recreation Enhancement Act

AGENCY: Siuslaw National Forest, Forest Service, USDA.

ACTION: Notice.

SUMMARY: The Siuslaw National Forest is proposing to charge new fees at five recreation sites. Sites are undergoing new construction or amenities are being added to improve visitor services and experiences. Fees are assessed based on the level of amenities and services provided, cost of operation and maintenance, market assessment, and public comment. Fee receipts would be used for the operation and maintenance of these recreation sites.

Castle Rock and Rocky Bend campgrounds will be converted to group campgrounds offering a new opportunity for the public and available to reserve at \$75/night. Major reconstruction of the historic Hebo Kitchen, a day use picnic shelter, at Hebo Lake is planned this year and would be available for groups to reserve at \$50/day. A \$5 day use fee at South Lake/Pioneer Indian Trailhead would be added and recreation passes honored. This site will have new interpretive materials and picnic tables as well as trash service. A \$5 day use fee or recreation pass would also be honored at the new Cascade Head interpretive site along the Salmon River estuary within Cascade Head Scenic Research Area. This site is currently under construction and will be completed later this year.

People are invited to comment on this proposal.

DATES: Comments on the proposal will be accepted through September 15, 2016. New fees would begin after January 2017.

ADDRESSES: Jeremiah C. Ingersoll, Forest Supervisor, Siuslaw National Forest, 3200 SW Jefferson Way, Corvallis, OR 97333.

FOR FURTHER INFORMATION CONTACT: Dani Pavoni, Recreation Staff Officer, 541–750–7046 or email SiuslawRecFee@fs.fed.us.

SUPPLEMENTARY INFORMATION: The Federal Recreation Lands Enhancement Act (Title VII, Pub. L. 108–447) directed the Secretary of Agriculture to publish a six month advance notice in the **Federal Register** whenever new recreation fee areas are established.

Once public involvement is complete, these new fees will be reviewed and a

recommendation made by a Recreation Resource Advisory Committee prior to a final decision and implementation.

Visitors wanting to reserve Castle Rock, Rocky Bend or Hebo Kitchen group sites would need to do so through the national reservation system at www.recreation.gov or by calling 1-877-444-6777 when it becomes available.

Dated: June 17, 2016.

Jeremiah C. Ingersoll,

Forest Supervisor.

Black Hills National Forest Advisory Board

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to re-establish the Black Hills National Forest Advisory Board.

SUMMARY: The U. S. Department of Agriculture (USDA), intends to re-establish the Black Hills National Forest Advisory Board (Board). In accordance with the provisions of the Federal Advisory Committee Act (FACA), the Board is being re-established to continue obtaining advice and recommendations on a broad range of forest issues such as forest plan revisions or amendments, forest health including fire management and mountain pine beetle infestations, travel management, forest monitoring and evaluation, recreation fees, and site-specific projects having forest wide implications.

FOR FURTHER INFORMATION CONTACT:

Scott Jacobson, Board Coordinator, USDA, Black Hills National Forest, by telephone: 605-673-9216, by fax: 605-673-9208, or by email: sjjacobson@fs.fed.us.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8:00 a.m. and 8:00 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The Board is a non-scientific program advisory board established by the Secretary of Agriculture in 2003 to provide advice and counsel to the U. S. Forest Service, Black Hills National Forest, in the wake of increasingly severe and intense wild fires and mountain pine beetle epidemics.

The purpose of the Board is to provide advice and recommendations

on a broad range of forest issues such as forest plan revisions or amendments, travel management, forest monitoring and evaluation, and site-specific projects having forest-wide implications. The Board also serves to meet the needs of the Recreation Enhancement Act of 2005 as a Recreation Resource Advisory Committee (RRAC) for the Black Hills of South Dakota. The Board provides timely advice and recommendations to the regional forester through the forest supervisor regarding programmatic forest issues and project-level issues that have forest-wide implications for the Black Hills National Forest.

The Board meets approximately ten times a year, with one month being a field trip, held in August and focusing on both current issues and the educational value of seeing management strategies and outcomes on the ground. This Board has been established as a truly credible entity and a trusted voice on forest management issues and is doing often astonishing work in helping to develop informed consent for forest management.

For years, the demands made on the Black Hills National Forest have resulted in conflicts among interest groups resulting in both forest-wide and site-specific programs being delayed due to appeals and litigation. The Board provides a forum to resolve these issues to allow for the Black Hills National Forest to move forward in its management activities. The Board is believed to be one of the few groups with broad enough scope to address all of the issues and include all of the jurisdictional boundaries.

Significant Contributions

The Board's most significant accomplishments include:

1. A 2004 report on the Black Hills Fuels Reduction Plan, a priority following the major fires including the 86,000 acre Jasper Fire in 2000;
2. A 2004 initial Off-Highway Vehicle Travel Management Subcommittee report;
3. A report on their findings regarding the thesis, direction, and assumptions of Phase II of our Forest Plan produced in 2005;
4. The Invasive Species Subcommittee Report in 2005 covering recommendations to better stop invasive species from infiltrating the Forest;
5. A final Travel Management Subcommittee Report in 2006 in which the Board made 11 recommendations regarding characteristics of a designated motor vehicle trail system, the basis for our initial work to prepare our Motor Vehicle Use Map in 2010-2011;

6. The Board's annual work to attract funding through grants based on the Collaborative Landscape Forest Restoration Program (CFLRP), a program of the Secretary of Agriculture *CFLR* Program to encourage the collaborative, science-based ecosystem restoration of priority forest landscapes;

7. A letter to the Secretary and the Chief of the Forest Service to work, restore and maintain open space for wildlife habitat and recreation needs like snowmobile trails; and

8. The annual reports to the Secretary detailing the Board's activities, issues, and accomplishments.

The Board is deemed to be among the most effective public involvement strategies in the Forest Service and continues to lead by example for Federal, State, and local government agencies working to coordinate and cooperate in the Black Hills of South Dakota and Wyoming.

Background

Pursuant to the Federal Advisory Committee Act (5 U.S.C. App. II), the Secretary of Agriculture intends to re-establish the Black Hills National Forest Advisory Board. The Board provides advice and recommendations on a broad range of forest planning issues and, in accordance with the Federal Lands Recreation Enhancement Act (Pub. L. 108-447 (REA)), more specifically will provide advice and recommendations on Black Hills National Forest recreation fee issues (serving as the RRAC for the Black Hills National Forest). The Board membership consists of individuals representing commodity interests, amenity interests, and State and local government.

The Board has been determined to be in the public interest in connection with the duties and responsibilities of the Black Hills National Forest. National forest management requires improved coordination among the interests and governmental entities responsible for land management decisions and the public that the agency serves.

Advisory Committee Organization

The Board consists of 16 members that are representative of the following interests (this membership is similar to the membership outlined by the Secure Rural Schools and Community Self Determination Act for Resource Advisory Committees (16 U.S.C. 500, *et seq.*):

1. Economic development;
2. Developed outdoor recreation, off-highway vehicle users, or commercial recreation;
3. Energy and mineral development;
4. Commercial timber industry;
