

engagement, safety communications, and network resilience and reliability. The economic development and innovation sub-category will ask about workforce development. The education and health sub-category will ask about student device ownership and support; broadband capacity to schools and libraries; electronic health records; telemedicine; and broadband capacity and connections to hospitals and clinics.

Description of Proposed Use

The community connectivity self-assessment tool will capture local information about broadband access, digital inclusion, adoption, policies, and priorities. The self-assessment tool will use the information input by the community leaders in combination with existing information from national data sources to create a report targeted to the needs of the local community. The resulting report will present the information that is relevant to the local community and provide recommendations for action along with references to BroadbandUSA and other resources. NTIA intends to use this self-assessment to support communities as they consider investments and actions to further align broadband access with community priorities.

A primary strategy for reducing respondents' burden in the self-assessment tool is to create the reports using existing national data sources, which may include data from the American Communities Survey produced by the U.S. Census Bureau and Broadband Deployment and Subscription data collected by the Federal Communications Commission.

II. Method of Collection

This will be administered as a voluntary online tool for communities.

Title of Collection: Form for
Maintenance-of Effort Waiver Requests
Under the Elementary and Secondary
Education Act of 1965, as amended.

OMB Control Number: 1810-0693.

Type of Review: A revision of an
existing information collection.

Respondents/Affected Public: State,
Local, and Tribal Governments.

*Total Estimated Number of Annual
Responses:* 20.

*Total Estimated Number of Annual
Burden Hours:* 1,600.

Abstract: Section 8521(a) of the
Elementary and Secondary Education
Act of 1965, as amended by the Every
Student Succeeds Act (ESEA) provides
that a local educational agency (LEA)
may receive funds under title I, part A
and other ESEA "covered programs" for
any fiscal year only if the State
educational agency (SEA) finds that
either the combined fiscal effort per
student or the aggregate expenditures of
the LEA and the State with respect to
the provision of free public education
by the LEA for the preceding fiscal year
was not less than 90 percent of the
combined fiscal effort or aggregate
expenditures for the second preceding
fiscal year. This provision is the
maintenance of effort (MOE)
requirements for LEAs under the ESEA.

The purpose of this extension request
is to renew approval for the MOE waiver
form; this MOE waiver form has been
updated to reflect the statutory changes
in the ESEA, as amended by the Every
Student Succeeds Act. ED believes that
the proposed form, which is slightly
modified from the currently approved
version, will enable an SEA to provide
the information needed in an efficient

manner. This collection includes
burden at the SEA level.

Clearance Division, Office of the Chief Privacy
Officer, Office of Management.*
