<sup>1</sup> No response to this request for information is  
required if a currently valid Office of Management  
and Budget (OMB) number is not displayed; the  
OMB number is 3117-0016/USITC No. 16-5-361,  
expiration date June 30, 2017. Public reporting  
burden for the request is estimated to average 15  
hours per response. Please send comments  
regarding the accuracy of this burden estimate to

certain stainless steel plate from South  
Africa (64 FR 25288). On May 21, 1999,  
Commerce issued antidumping duty  
orders on imports of certain stainless  
steel plate from Belgium, South Africa,  
and Taiwan (64 FR 27756).<sup>2</sup> On March  
11, 2003, as a result of intervening  
litigation of the Commission's original  
determinations, Commerce amended  
those antidumping and countervailing  
duty orders on imports of certain  
stainless steel plate to remove the  
original language that excluded cold-  
rolled stainless steel plate in coils (68  
FR 11520 and 68 FR 11524). Following  
five-year reviews by Commerce and the  
Commission, effective July 18, 2005,  
Commerce issued a continuation of the  
countervailing duty order on imports of  
stainless steel plate from South Africa  
and the antidumping duty orders on  
imports of stainless steel plate from  
Belgium, South Africa, and Taiwan (70  
FR 41202). Following the second five-  
year reviews by Commerce and the  
Commission, effective August 30, 2011,  
Commerce issued a continuation of the  
countervailing duty order on imports of  
stainless steel plate from South Africa  
and the antidumping duty orders on  
imports of stainless steel plate from  
Belgium, South Africa, and Taiwan (76  
FR 53882). The Commission is now  
conducting third reviews pursuant to  
section 751(c) of the Act, as amended  
(19 U.S.C. 1675(c)), to determine  
whether revocation of the orders would  
be likely to lead to continuation or  
recurrence of material injury to the  
domestic industry within a reasonably  
foreseeable time. Provisions concerning  
the conduct of this proceeding may be  
found in the Commission's Rules of  
Practice and Procedure at 19 CFR parts  
201, Subparts A and B and 19 CFR part  
207, subparts A and F. The Commission  
will assess the adequacy of interested  
party responses to this notice of  
institution to determine whether to  
conduct full or expedited reviews. The  
Commission's determinations in any  
expedited reviews will be based on the  
facts available, which may include

<sup>2</sup> Commerce revoked the antidumping duty order  
regarding stainless steel plate from Korea as a result  
of proceedings before the World Trade  
Organization. 76 FR 74771 (December 1, 2011)  
(implementing determination under Section 129 of  
the Uruguay Round Agreements Act regarding  
stainless steel plate in coils from Korea). Commerce  
had already revoked the antidumping duty order on  
stainless steel plate from Italy after the Commission  
reached a negative determination in its second five-  
year review of that order. 76 FR 54207 (August 31,  
2011). Commerce also had previously revoked an  
antidumping duty order on stainless steel plate  
from Canada after the Commission reached a  
negative determination in its first five-year review  
of that order. 70 FR 41207 (July 18, 2005).

information provided in response to this notice.

*Definitions.*—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are Belgium, South Africa, and Taiwan.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations after remand and its full first and second five-year review determinations, the Commission defined a single *Domestic Like Product* as certain (hot-rolled and cold-rolled) stainless steel plate in coils, coextensive with Commerce's scope definition. Certain Commissioners defined the *Domestic Like Product* differently in the original determinations.<sup>3</sup>

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations after remand and its full first and second five-year review determinations, the Commission defined the *Domestic Industry* as all producers of certain stainless steel plate in coils. Certain Commissioners defined the *Domestic Industry* differently in the original determinations.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

*Participation in the proceeding and public service list.*—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in

the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202–205–3088.

*Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.*—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this proceeding available to authorized applicants under the APO issued in the proceeding, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the proceeding. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

*Certification.*—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this proceeding must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceeding may be

disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

*Written submissions.*—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is August 1, 2016. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct expedited or full reviews. The deadline for filing such comments is September 14, 2016. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's Handbook on E-Filing, available on the Commission's Web site at <http://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the proceeding must be served on all other parties to the proceeding (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the proceeding you do not need to serve your response).

*Inability to provide requested information.*—Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the

<sup>3</sup> While the Commission majority in the original determinations defined two separate domestic like products (*i.e.*, hot-rolled stainless steel plate in coils and cold-rolled stainless steel plate in coils), on remand the Commission majority's determinations involved a single domestic like product, certain stainless steel plate in coils.

Commission may take an adverse inference against the party pursuant to section 776(b) of the Act (19 U.S.C. 1677e(b)) in making its determinations in the reviews.
