

equipment standards to include DOE, as well as representatives of industry (including manufacturers and trade associations representing manufacturers, component manufacturers and related suppliers, and retailers), utilities, energy efficiency/environmental advocacy groups and consumers. Committee members will serve for a term of three years or less and may be reappointed for successive terms, with no more than two successive terms. Appointments may be made in a manner that allows the terms of the members serving at any time to expire at spaced intervals, so as to ensure continuity in the functioning of the Committee. Some Committee members may be appointed as special Government employees, experts in fields relevant to energy efficiency and appliance and commercial equipment standards; or as representatives of industry (including manufacturers and trade associations representing manufacturers, component manufacturers and related suppliers, and retailers), utilities, energy efficiency/environmental advocacy groups and consumers. Special Government employees will be subject to certain ethical restrictions and such members will be required to submit certain information in connection with the appointment process.

Members of the Committee will serve without compensation; however, each member may be reimbursed in accordance with Federal Travel Regulations for authorized travel and per diem expenses incurred while attending Committee meetings.

Process and Deadline for Submitting Nominations: Qualified individuals can self-nominate or be nominated by any individual or organization. Nominators should submit:

1. The nominee's current resume or curriculum vitae and contact information, including mailing address, email address, and telephone number;

2. A letter of interest, including a summary of how the nominee's experience and expertise would support the Committee's objectives;

3. An affirmative statement that: (a) The nominee is not currently a federally-registered lobbyist and will not be a federally-registered lobbyist at the time of appointment and during his/her tenure as a Committee member, or (b) if the nominee is currently a federally-registered lobbyist, that the nominee will no longer be a federally-registered lobbyist at the time of appointment to the Committee and during his/her tenure as a member.

All nomination information should be provided in a single, complete package

by the deadline specified in this notice. Nominations packages should be submitted by either mail or electronically, but not by both methods. Should more information be needed, DOE staff will contact the nominee, obtain information from the nominee's past affiliations or obtain information from publicly available sources, such as the internet. A selection team will review the nomination packages. This team will be comprised of representatives from several DOE Offices. The selection team will seek balanced viewpoints and consider many criteria, including: (a) Scientific or technical expertise, knowledge, and experience; (b) stakeholder representation; (c) availability and willingness to serve; and (d) skills working in committees, working groups and advisory panels. The selection team will make recommendations regarding membership to the Secretary of Energy for review and selection of Committee members.

Nominations are open to all individuals without regard to race, color, religion, sex, national origin, age, mental or physical handicap, marital status, or sexual orientation. To ensure that recommendations to the Committee take into account the needs of the diverse groups served by DOE, membership shall include, to the extent practicable, individuals with demonstrated ability to represent the needs of women and men of all racial and ethnic groups, and persons with disabilities. Please note, however, that Federally-registered lobbyists and individuals already serving on another Federal advisory committee are ineligible for nomination.

FOR FURTHER INFORMATION CONTACT: John Cymbalsky by telephone at 202-287-1692 or by email at asrac@ee.doe.gov.

Issued in Washington, DC, on July 1, 2016.

Kathleen B. Hogan,

Deputy Assistant Secretary for Energy Efficiency, Energy Efficiency and Renewable Energy.
