We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.
- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of proposed collection: The primary purpose for soliciting this information is to validate an identity claim for a U.S. Passport Book or Passport Card in the narrow category of cases in which the evidence presented by an applicant is insufficient to establish identity. The information may also be used in adjudicating applications for other travel documents and services, and in connection with law enforcement, fraud prevention, border security, counterterrorism, litigation activities, and administrative purposes.

Methodology: The Supplemental Questionnaire to Determine Identity for a U.S. Passport is intended to verify the respondent's identity for purposes of determining eligibility for a U.S. Passport. This form is used to supplement an existing passport application and solicits information relating to the respondent's employment and residences needed to corroborate an applicant's identity claim prior to passport issuance. The form is available on the Department's Web site, where it can be filled out online and printed for submission.

Additional information: The Privacy Act statement has been amended to clarify that an applicant's failure to provide his or her Social Security number may result in the denial of an application, consistent with 22 U.S.C 2714a(f) which authorizes the Department to deny an application for a U.S. passport when the applicant fails to include his or her Social Security number.

Dated: July 1, 2016.

Brenda S. Sprague,

Deputy Assistant Secretary for Passport Services, Bureau of Consular Affairs, Department of State.

Petition for Exemption

Docket No.: FAA-2016-2706.

Petitioner: Ameristar Air Cargo, Inc.

Section of 14 CFR Affected: 121.436.

Description of Relief Sought:

Ameristar Air Cargo, Inc. (Ameristar) seeks an exemption to allow experience gained as a pilot in command (PIC) under part 121 prior to July 31, 2013, to count towards the experience requirement of § 121.436(a)(3), even though the pilot was not serving as PIC in part 121 operations on that date. The FAA has previously granted similar relief in response to petitions from individual airmen. Ameristar requests that this relief be granted to the air carrier so that any pilot employed by Ameristar with prior part 121 PIC experience could use that time towards the § 121.436(a)(3) requirement, if needed.
