

the public. The official comment period ended on August 11, 2015.

The State of Hawaii's environmental impact statement preparation notice (EISPN) was distributed to interested parties for review between December 23, 2013, and January 23, 2014, and again between November 8 and December 8, 2014 (republished to reflect the addition of a second access into the Project site). During the initial public scoping period for the EISPN, three public scoping meetings were held at Kahuku Community Center: on November 13, 2013, January 10, 2014, and November 19, 2014. In addition to the public meetings, a media advisory was sent out prior to each meeting. The State of Hawaii's Department of Land and Natural Resources hosted a public hearing at the Kahuku Community Center on June 4, 2015. The draft EIS was published in the State of Hawaii Office of Environmental Quality Control's *The Environmental Notice* on June 8, 2015, in accordance with requirements set forth under the Hawaii Environmental Policy Act (HRS § 343-3). Public comments were accepted during the 45-day State public comment period.

Next Steps

We will evaluate the permit application, associated documents, and public comments in reaching a final decision on whether the application meets the requirements of section 10(a) of the ESA (16 U.S.C. 1531 *et seq.*). We will evaluate whether the proposed permit action would comply with section 7 of the ESA by conducting an intra-Service section 7 consultation. We will use the results of this consultation, in combination with the above findings, in our final analysis to determine whether or not to issue an ITP. If the requirements are met, we will issue the ITP to the applicant. We will issue a record of decision and issue or deny the ITP no sooner than 30 days after publication of the U.S. Environmental Protection Agency's notice of availability of the final EIS.

Authority

We provide this notice in accordance with the requirements of section 10(c) of the ESA and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA and its implementing regulations (40 CFR 1506.6).
