## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[LLWY910000 L16100000 XX0000]

#### Notice of Public Meeting; Wyoming Resource Advisory Council

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of public meeting.

**SUMMARY:** In accordance with the Federal Land Policy and Management Act of 1976 and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management (BLM) Wyoming Resource Advisory Council (RAC) will meet as indicated below.

**DATES:** The meeting is scheduled for, Tuesday, August 9, 2016, from 1 p.m. to 5 p.m.; Wednesday, August 10, 2016, from 8 a.m. to 5 p.m.; and Thursday, August 11, 2016, from 8 a.m. to noon.

**ADDRESSES:** The meeting will be conducted at the BLM Worland Field Office, 101 South 23rd, Worland, Wyoming.

#### FOR FURTHER INFORMATION CONTACT:

Kristen Lenhardt, Chief of Communications, Wyoming State Office, 5353 Yellowstone Road,

Cheyenne, WY 82009; telephone: 307-775-6015; email: [klenhard@blm.gov](mailto:klenhard@blm.gov).

Persons who use a telecommunications device for the deaf may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:** This 10-member RAC advises the Secretary of the Interior on a variety of management issues associated with public land management in Wyoming. Planned agenda topics for the August meeting (see **DATES**) include discussions on invasive species and follow-up to previous RAC meetings. On Thursday, August 11, the meeting will begin with a public comment period at 8 a.m. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited. If there are no members of the public interested in speaking, the meeting will move promptly to the next agenda item. The public may also submit written comments to the RAC by emailing [klenhard@blm.gov](mailto:klenhard@blm.gov), with the subject line "RAC Public Comment" or by submitting comments during the meeting to the Chief of Communications. Typed or written comments will be provided to RAC members as part of the meeting's minutes.

Dated: July 11, 2016.

### Bureau of Land Management

[LLMT922200-16-L13100000-FI0000-P; NDM 98943]

#### Notice of Proposed Reinstatement of Terminated Oil and Gas Lease NDM 98943, North Dakota

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** Linn Energy Holdings LLC, MBI Oil and Gas LLC, Montana Oil Properties Inc., Slawson Exploration Company Inc. and Stewart Geological Inc. have timely filed a petition for reinstatement of competitive oil and gas lease NDM 98943, which is located in Mountrail County, North Dakota. The

petition was filed on time and consistent with the Mineral Leasing Act of 1920. The lessee has paid the required rentals accruing from the date of termination. No leases were issued that affect these lands.

**FOR FURTHER INFORMATION CONTACT:**

Kimberly Werven, Chief, Fluids Adjudication Section, Bureau of Land Management Montana State Office, 5001 Southgate Drive, Billings, Montana 59101-4669, 406-896-5091, [kwerven@blm.gov](mailto:kwerven@blm.gov). Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:**

In connection with this lease reinstatement, the lessees agree to new lease terms for rentals and royalties specified in the applicable regulations—\$10 per acre, or fraction thereof, per year, and 16-<sup>2</sup>/<sub>3</sub> percent, respectively. The lessees agree to additional or amended stipulations. The lessees paid the \$500 administration fee for the reinstatement of the lease and \$163 cost for publishing this Notice. The lessees also agreed to the amended lease stipulations described in the associated Reinstatement Certification. As result, the lessees have met the requirements for reinstatement of the lease under Sec. 31(d) and (e) of the Mineral Leasing Act of 1920. We are proposing to reinstate the lease, effective the date of termination subject to the:

- Original terms and conditions of the lease;
  - Additional and amended stipulations as specified in the Reinstatement Certification;
  - Increased rental of \$10 per acre;
  - Increased royalty of 16-<sup>2</sup>/<sub>3</sub> percent;
- and
- \$163 cost of publishing this Notice.

**National Park Service**

[NPS-PWR-PWRO-21126;  
PX.PR113509M.00.1]

**Record of Decision for the Hawaii Volcanoes National Park General Management Plan/Wilderness Study; Final Environmental Impact Statement, Hawaii County, Hawaii**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of Availability.

**SUMMARY:** The National Park Service (NPS) has prepared and approved a Record of Decision for the General Management Plan/Wilderness Study/Final Environmental Impact Statement (GMP/WS/EIS) for Hawaii Volcanoes National Park. Approval of the GMP/WS/EIS culminates an extensive public engagement and environmental impact analysis effort that began in 2009.

**ADDRESSES:** Those wishing to review the Record of Decision may obtain a copy by submitting their request to the Superintendent, Hawaii Volcanoes National Park, P.O. Box 52, Hawaii National Park, HI 96718-0052.

**FOR FURTHER INFORMATION CONTACT:**

Cindy Orlando, Superintendent, telephone (808) 985-6026 or email [NPS\\_HAVO\\_Planning@nps.gov](mailto:NPS_HAVO_Planning@nps.gov).

**SUPPLEMENTARY INFORMATION:** This process was conducted pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and the implementing regulations promulgated by the Council on Environmental Quality (40 CFR part 1505.2). The original Notice of Intent (NOI) initiating the conservation planning and environmental impact analysis process appeared in the **Federal Register** on April 13, 2009. A revised NOI expanding the scope of the GMP to include a wilderness study was published December 2, 2011. Based on information obtained from extensive public outreach, three alternatives were developed. The NPS consulted with park partners; Native Hawaiians; the State Historic Preservation Officer; and other federal and state agencies. The Draft EIS was released on May 1, 2015, for a 60-day review and comment period. In addition to the numerous public meetings held during public scoping and alternatives development, the NPS held one public meeting at the park's visitor center on June 10, 2015, to share information and gather feedback on the Draft EIS. This meeting also included a public hearing on the wilderness study. Overall, 32 pieces of correspondence were received during

the public review period. No new substantive comments were received. With due consideration for the minimal public and agency response, the NPS utilized an abbreviated format in preparing the Final EIS. The legally required 30-day "wait period" was initiated on March 11, 2016, with the Environmental Protection Agency's **Federal Register** publication of the notice of filing and release of the GMP/Final EIS. The NPS evaluated the environmental consequences of two action alternatives and a no-action alternative. These alternatives described varying means to provide appropriate types and levels of access for visitors and authorized users, preserve wilderness character, protect cultural and natural resources, and adhere to legally required management and preservation objectives.

*Alternative 2* (agency-preferred) has been selected for implementation. This is also the environmentally-preferred course of action, which emphasizes resource stewardship and preservation while strengthening and broadening opportunities to connect people with the volcanic world treasure, Hawaii Volcanoes National Park, and providing a wide range of high quality visitor experiences based on different geographic areas within the park. The GMP also proposes to seek legislation to include Olaa (9,679 acres) within the formal park boundary and to acquire several parcels totaling 21,381 acres, including the Great Crack and Pohue Bay. The Wilderness Study proposes wilderness designation of the lands found eligible in Kahuku (121,015 acres) as a natural extension of the existing wilderness within the park.

For a park that protects two of the most continuously active shield volcanoes in the world, the new Hawaii Volcanoes National Park GMP defines a clear direction for resource preservation and visitor experience over the next 20 years. The GMP provides a framework for proactive decision making, which will allow park managers to effectively address future opportunities and problems. The approved GMP will also serve as the basis for future detailed management documents, such as wilderness stewardship plans, trails management plans, and project implementation plans.

Dated: May 24, 2016.
