CWW, LLC—Lease and Operation Exemption—Port of Columbia, Wash.

CWW, LLC (CWW), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to lease from the Port of Columbia, Wash. and to operate, approximately 37.1 miles of rail line, referred to as the Dayton Line, between milepost 33.0 near Walla Walla, Wash. and milepost 70.1 at Dayton, Wash., pursuant to an executed lease and operating agreement.

This transaction is related to a concurrently filed verified notice of exemption in Paul Didelius—Continuance in Control Exemption—CWW, LLC, Docket No. FD 36045, in which Paul Didelius seeks Board approval to continue in control of CWW under 49 CFR 1150.31, upon CWW’s becoming a Class III rail carrier.

CWW certifies that the projected annual revenues as a result of this transaction do not exceed those that would qualify it as a Class III rail carrier and states the projected annual revenues of CWW shall not exceed $5 million dollars. CWW states that it expects to execute an agreement to interchange with Palouse River & Coulee City Railroad, LLC imposing no interchange commitments.

The transaction may be consummated on August 5, 2016, the effective date of the exemption (30 days after the verified notice of exemption was filed). If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed by July 29, 2016 (at least seven days prior to the date the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36044 must be filed with the Surface Transportation Board, 305 E Street SW., Washington, DC 20423–0001. In addition, a copy of each pleading must be served on applicant’s representative, James H.M. Savage, 22 Rockingham Court, Germantown, MD 20874.

According to CWW, this action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Kanawha River Railroad, LLC—Lease Exemption Containing Interchange Commitment—Norfolk Southern Railway Company

Kanawha River Railroad, LLC (KNWA), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.41 to lease and operate nine rail segments totaling 308.85 miles from Norfolk Southern Railway Company (NSR). These line segments run (1) between mileposts V 382.0 at Maben, W. Va., and V 435.0 at DB (Deepwater Bridge), W. Va.; (2) between milepost RR 7.0 at Refugee, Ohio, and milepost RR 116.5 at Hobson Yard, Ohio; (3) between milepost WV 125.6 at Conco, Ohio and milepost WV 253.4 at Cornelia, W. Va.; (4) between milepost VC 0.0 at Vaco Junction, W. Va., and milepost VC 0.84 at Deepwater W. Va.; (5) between Hitop RT at milepost TP 0.0 at Charleston, W. Va., and milepost VG 12.1 at Bolt, W. Va.; (8) between milepost MY 0.0 at Milam, W. Va., and the end of the track at MY 1.01; and (9) between milepost PE 0.0 at Purt, W. Va., and milepost PE 2.3 at Purt End Branch, W. Va.

This transaction is related to a concurrently filed verified notice of exemption in Watco Holdings, Inc.—Continuance in Control Exemption—Kanawha River Railroad LLC, Docket No. FD 36029, wherein Watco Holdings, Inc. seeks Board authority to continue in control of KNWA upon KNWA’s becoming a Class III rail carrier.

KNWA plans to lease and increase operations on the subject rail lines in Ohio and West Virginia (189 miles of the subject lines are in active service; the remainder of the track is idled or has been taken out of service by NSR). KNWA intends to return the entire main line component of the rail lines to daily operation. NSR suspended operations on part of the rail lines in Ohio in early 2016 due to declining rail traffic volumes, and rerouted traffic on other routes.

KNWA has certified that its projected annual revenues that will result from the proposed transaction will not result in KNWA becoming a Class II or Class I rail carrier. KNWA has further certified that its projected annual rail freight revenues, including the lines to be operated pursuant to this notice, will exceed $5 million. Accordingly, as required by 49 CFR 1150.42(e), KNWA has certified that on May 18 and 19,

1 Each OFA must be accompanied by the filing fee, which is currently set at $1,600. See 49 CFR 1002.2(f)(25).
2 Because CW is seeking to discontinue service, an environmental review is categorically excluded.
3 By letter filed July 6, 2016, CWW supplemented its verified notice on July 6, 2016, that date is considered the filing date of the verified notice.
2016, a copy of the verified notice was posted at the workplaces of the employees on the line and served on the national offices of all labor unions with employees on the line. The transaction may be consummated on or after July 31, 2016, the effective date of the exemption (30 days after the supplemental notice of exemption was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than July 22, 2016 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36028, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423–0001. In addition, a copy of each pleading must be served on Robert A. Wimbish, Fletcher & Sippel LLC, 29 N. Wacker Drive, Suite 920, Chicago, IL 60606, and Karl Morell, Karl Morell & Associates, Suite 225, 655 Fifteenth St. NW., Washington, DC 20005.

According to KNWA, this action is categorically excluded from environmental review under 49 CFR 1105.6(c). Board decisions and notices are available on our Web site at WWW.STB.DOT.GOV. The application may be reviewed in person at this same location.

Decided: July 12, 2016.
