- Notifies the public of the reinstatement of the Top-Screen and SVA submission requirements on October 1, 2016. This means that chemical facilities of interest that acquire reportable amounts of COI listed on Appendix A after the reinstatement of the requirement to submit a Top-Screen and SVA must submit a Top-Screen within 60 days. The reinstatement of the submission requirements also means that chemical facilities of interest that have not complied with the existing reporting requirement since November 20, 2007 must also submit a Top-Screen with 60 days. This document does not require chemical facilities to immediately submit a Top-Screen after the transition to the revised CSAT Top-Screen application. Rather, this document publicizes the Department's intent to begin individually notifying chemical facilities of interest. After the transition to CSAT 2.0, the Department will begin sending written notification to chemical facilities of interest requiring them to submit a Top-Screen using the revised CSAT Top-Screen application. Finally, the Department (1) reemphasizes that once the Department transitions to CSAT 2.0, any chemical facility of interest can submit a Top-Screen using the revised CSAT Top-Screen application, regardless of whether it has received written notification from the Department, and (2) continues to be available for consultation to any chemical facility of interest before, during, or after the transition to CSAT 2.0. In particular the Department is available for consultation to any chemical facilities of interest that acquire COI for the first time. Requests for consultation can be made through the CFATS Helpdesk.

Taken together the process and steps outlined in this document will enable the Department to collect the necessary information to implement the improved tiering methodology required in Section 2102(e)(2) of the Homeland Security Act of 2002.
