[Docket No. ER16-1649-000]

California Independent System Operator Corporation; Notice of Technical Conference

By order issued in this proceeding on June 1, 2016,¹ the Federal Energy Regulatory Commission (Commission) directed its staff to convene a technical conference. The conference will be held on September 30, 2016, at the Commission's offices at 888 First Street NE., Washington, DC 20426 beginning at 10:00 a.m. (Eastern Time). The conference will be led by Commission staff, and Commissioners may attend.

In the June 1 Order, the Commission accepted, subject to condition and further compliance, California Independent System Operator Corporation's proposal to implement an interim set of measures to address limitations in the natural gas delivery system due to the limited operability of the Aliso Canyon natural gas storage facility in southern California. The Commission directed its staff to convene a technical conference to facilitate discussion regarding the efficacy of these measures and the need for additional and/or longer-term measures to address any ongoing limitations at the Aliso Canyon facility.

Further details of the conference will be specified in a subsequent notice. All interested persons may attend the conference, and registration is not required. However, in-person attendees are encouraged to register on-line at <https://www.ferc.gov/whats-new/registration/09-30-16-form.asp>.

This conference will be transcribed and webcasted. Transcripts will be available immediately for a fee from Ace Reporting Company (202) 347-3700). A link to the webcast of this event will be available in the Commission Calendar of Events at www.ferc.gov. The Capitol Connection provides technical support for the webcasts and offers the option of listening to the conferences via phone-bridge for a fee. For additional information, visit www.CapitolConnection.org or call (703) 993-3100.

Commission conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov, call (866) 208-3372 (toll free) or (202)

208-8659 (TTY), or send a fax to (202) 208-2106 with the required accommodations.

For more information about this technical conference, please contact Virginia Castro at (202) 502-8491, virginia.castro@ferc.gov, or Sarah McKinley at (202) 502-8368, sarah.mckinley@ferc.gov.

[Docket No. CP16-473-000]

Texas Eastern Transmission, LP; Notice of Application

Take notice that on June 29, 2016, Texas Eastern Transmission, LP (Texas Eastern), 5400 Westheimer Court, Houston, Texas 77056, filed an application pursuant to section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations seeking authority to construct, own and operate the Bayway Lateral which consists of approximately 2,300 feet of 24-inch-diameter lateral pipeline facilities and related appurtenances to enable Texas Eastern to provide up to 300,000 dekatherms per day (Dth/d) of firm transportation service to Phillips 66 Company's Bayway Refinery and the co-located cogeneration plant owned by Cogen Technologies Linden Venture, L.P. located in Linden, New Jersey (Bayway Lateral Project), all as more fully set forth in the application. The filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any questions regarding the proposed project should be directed to Berk Donaldson, General Manager, Rates and Certificates, at Texas Eastern Transmission, LP, P.O. Box 1642, Houston, Texas 77251-1642 or at (713)

627-4488 (phone), or (713) 627-5947 (facsimile).

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to

¹ Cal. Indep. Sys. Operator Corp., 155 FERC ¶ 61,224 (2016) (June 1 Order).

the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on August 4, 2016.

Dated: July 14, 2016.
