U.S. Customs and Border Protection

Extension of the Air Cargo Advance Screening (ACAS) Pilot Program

AGENCY: U.S. Customs and Border Protection, DHS.

ACTION: General notice.

SUMMARY: On October 24, 2012, U.S. Customs and Border Protection (CBP) published a notice in the Federal Register that announced the formalization and expansion of the Air Cargo Advance Screening (ACAS) pilot program that would run for six months. CBP subsequently published several notices extending the pilot period and/or reopening the application period to new participants for limited periods. The most recent notice extended the pilot period through July 26, 2016. This document announces that CBP is extending the pilot period for an additional year. The ACAS pilot is a voluntary test in which participants submit a subset of required advance air cargo data to CBP at the earliest point practicable prior to loading of the cargo onto the aircraft destined to or transiting through the United States. The ACAS data is used to target high-risk air cargo. CBP is considering possible amendments to the regulations regarding advance information for air cargo. The results of the ACAS pilot will help determine the relevant data elements, the time frame within which data must be submitted to permit CBP to effectively target, identify and mitigate any risk with the least practicable impact on trade operations, and any other related procedures and policies.

Extension of the ACAS Pilot Period

The October 2012 notice announced that the ACAS pilot would run for six months. The notice provided that if CBP determined that the pilot period should be extended, CBP would publish another notice in the Federal Register. The October 2012 notice also stated that applications for new ACAS pilot participants would be accepted until November 23, 2012. CBP subsequently published several notices extending the pilot period and/or reopening the application period to new participants for limited periods. On December 26, 2012, CBP published a notice in the Federal Register (77 FR 76064) reopening the application period for new participants until January 8, 2013. On January 3, 2013, the Federal Register published a correction (78 FR 315) stating that the correct date of the close of the reopened application period was January 10, 2013. On April 23, 2013, CBP published a notice in the Federal Register (78 FR 23946) extending the ACAS pilot period through October 26, 2013, and reopening the application period through May 23, 2013. On October 23, 2013, CBP published a notice in the Federal Register (78 FR
