The SSA systems that process data transferred via GSO include, but are not

limited to, systems responsible for disability processing and benefit determination or termination. SSA uses the information on Form SSA–159, Government-to-Government Online Web site Registration Form, to register the requestor to use the GSO Web site. Once we receive the SSA–159, SSA provides the user with account information and conducts a walkthrough of the GSO Web site as necessary. Established organizations may submit Form SSA–

159 to register additional users as well. The established requesting organizations can also complete Form SSA–160, Government-to-Government Online Web site Account Modification/Deletion Form, to modify their online accounts (e.g., address change). Respondents are State and local government agencies, and some private sector business entities.

Type of Request: Revision of an OMB-approved information collection.
