

DEPARTMENT OF JUSTICE**Antitrust Division****Notice Pursuant to the National Cooperative Research and Production Act of 1993—OpenDaylight Project, Inc.**

Notice is hereby given that, on June 27, 2016 pursuant to section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), OpenDaylight Project, Inc. (“OpenDaylight”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing changes in its membership. The notifications were filed for the purpose of extending the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, Serro, LLC, Santa Clara, CA, has been added as a party to this venture.

No other changes have been made in either the membership or planned activity of the group research project. Membership in this group research project remains open, and OpenDaylight intends to file additional written notifications disclosing all changes in membership.

On May 23, 2013, OpenDaylight filed its original notification pursuant to section 6(a) of the Act. The Department of Justice published a notice in the **Federal Register** pursuant to section 6(b) of the Act on July 1, 2013 (78 FR 39326).

The last notification was filed with the Department on April 4, 2016. A notice was published in the **Federal Register** pursuant to section 6(b) of the Act on May 3, 2016 (81 FR 26582).

Patricia A. Brink,

Director of Civil Enforcement, Antitrust Division.

BILLING CODE P

DEPARTMENT OF JUSTICE**Notice of Lodging of Proposed Consent Decree Under the Clean Water Act and the Oil Pollution Act**

On July 20, 2016, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Western District of Michigan in the lawsuit entitled *United States v. Enbridge Energy, Limited Partnership, et al.*, Civil Action No. 1:16–cv–914.

The Complaint in this action asserts claims against Enbridge Energy, Limited

Partnership and eight related Enbridge entities (“Enbridge”) arising from two separate oil transmission pipeline failures that resulted in discharges of oil to waters of the United States and adjoining shorelines. One of these pipeline failures occurred on July 25, 2010, near Marshall, Michigan on a pipeline known as Line 6B, and resulted in discharges of oil to Talmadge Creek, a large stretch the Kalamazoo River, and their adjoining shorelines. The other pipeline failure occurred on or about September 9, 2010, in Romeoville, Illinois on a pipeline known as Line 6A, and resulted in discharges of oil primarily to an unnamed tributary to the Des Plaines River, a retention pond, and their adjoining shorelines. The Complaint seeks injunctive relief and civil penalties under Sections 309 and 311 of the Clean Water Act, as amended, 33 U.S.C. 1319 and 1321, for both the Marshall, Michigan and the Romeoville, Illinois oil spills. In addition, under Section 1002 of the Oil Pollution Act, as amended, 33 U.S.C. 2702, the Complaint seeks to recover from Enbridge all unreimbursed removal costs incurred and to be incurred by the United States in connection with the Marshall, Michigan oil spill.

Under the proposed Consent Decree, Enbridge will pay a civil penalty of \$61 million for the Marshall, Michigan oil spill, and an additional \$1 million for the Romeoville, Illinois oil spill. In addition, Enbridge will pay over \$5.4 million in unreimbursed federal removal costs that the Oil Spill Liability Trust Fund (“Fund”) paid in connection with the Marshall, Michigan oil spill through October 1, 2015, and Enbridge will pay all additional removal costs consistent with the National Contingency Plan that are paid by the Fund after October 1, 2015, in connection with the Marshall, Michigan oil spill. Prior to the Consent Decree, the United States billed Enbridge for additional federal removal costs incurred in connection with both the Marshall, Michigan oil spill and the Romeoville, Illinois oil spill, and Enbridge paid all such amounts billed. Finally, the proposed Consent Decree includes an extensive program of injunctive relief, including a series of measures designed to (1) reduce the potential for future pipeline failures that could result in unlawful discharges from Enbridge’s Lakehead System pipelines, (2) improve leak detection capabilities and Enbridge’s response to situations that could indicate potential pipeline failures, and (3) improve Enbridge’s emergency response and preparedness capabilities to better

address any future spills that might occur.

The publication of this notice opens a period for public comment on the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Enbridge Energy, Limited Partnership, et al.*, D.J. Ref. No. 90–5–1–1–10099. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

<i>To submit comments:</i>	<i>Send them to:</i>
By email	<i>pubcomment-ees.enrd@usdoj.gov.</i>
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

During the public comment period, the proposed Consent Decree may be examined and downloaded at this Justice Department Web site: <https://www.justice.gov/enrd/consent-decrees>. We will provide a paper copy of the proposed Consent Decree upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

You may request a paper copy of the Consent Decree with or without Appendices. If requesting a copy of the proposed Consent Decree with Appendices, please enclose a check or money order for \$52.25 (25 cents per page reproduction cost) payable to the United States Treasury. If requesting a copy of the proposed Consent Decree without Appendices, please enclose a check or money order for \$42.25 payable to the United States Treasury.

Randall M. Stone,

Acting Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410–15–P

DEPARTMENT OF JUSTICE

[Docket No. OLP 159]

Notice of Public Comment Period on Proposed Uniform Language for Testimony and Reports

AGENCY: Department of Justice.

ACTION: Notice.

SUMMARY: This notice announces the opening of the public comment period on the Proposed Uniform Language for Testimony and Reports (Proposed Uniform Language) documents for the forensic disciplines of anthropology, explosive chemistry, explosive devices, geology, hair, handwriting analysis, metallurgy, mitochondrial DNA and Y chromosome typing, and paints and polymers.

DATES: Written public comment regarding the Proposed Uniform Language should be submitted through www.regulations.gov before August 26, 2016.

FOR FURTHER INFORMATION CONTACT: The Office of Legal Policy, 950 Pennsylvania Avenue NW., Washington, DC 20530, by phone at 202-514-4601 or via email at ULTR.OLP@usdoj.gov.

SUPPLEMENTARY INFORMATION: As part of the Department's continued efforts to advance the practice of forensic science by ensuring Department forensic examiners are testifying and reporting consistent with applicable scientific standards and across Department components including the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), the Drug Enforcement Administration (DEA), and the Federal Bureau of Investigation (FBI), the Department is developing Proposed Uniform Language that would apply to all Department forensic laboratory personnel. The Proposed Uniform Language documents are based on the Federal Bureau of Investigation's (FBI) Approved Scientific Standards for Testimony and Reports (ASSTRs) but differ substantially. As a primary matter, the ASSTRs are currently in effect for FBI personnel, while the Proposed Uniform Language documents are merely proposed and have not been adopted. After adjudication of public comment and the incorporation of appropriate edits, it is anticipated that each Proposed Uniform Language document will be forwarded to the Deputy Attorney General. If one or more are adopted by the Deputy Attorney General, they would become effective for Department forensic laboratory personnel.

Process: On June 10, 2016, the Department posted Proposed Uniform Language documents for fiber, footwear and tire treads, general chemistry, glass, latent prints, serology, and toxicology. At that time, the Department stated its intention to publish all remaining Proposed Uniform Language documents in July 2016. Documents for two disciplines (nuclear DNA and firearms and toolmarks) are not ready to be posted at this time but rather than

delaying the process, those documents will be posted for public comment separately.

Ongoing Review of Previously Received Comments: The Department received 127 comments on the Proposed Uniform Language documents for fiber, footwear and tire treads, general chemistry, glass, latent prints, serology, and toxicology. Comment was open through July 8, 2016. Due to the substantive nature of the comments and the recency of the closing of the comment period, the Department's adjudication process is ongoing. While several comments suggested changes to the format and content of the Proposed Uniform Language documents, the Department has not decided whether, or to what extent, to make changes in light of those comments, nor have changes been incorporated into Proposed Uniform Language documents for anthropology, explosive chemistry, explosive devices, geology, hair, handwriting, metallurgy, mitochondrial DNA and Y chromosome typing, and paints and polymers. Previously received comments are being reviewed and, if adopted, will be reflected in all relevant Uniform Language documents. As a result, commenters do not need to submit identical or substantially identical comments on this group of Proposed Uniform Language documents; commenters may wish to make their comments more discipline-specific for this group.

Proposed Uniform Language: The Department is posting the Proposed Uniform Language document for each of the following forensic science disciplines on www.regulations.gov and seeking public comment: anthropology, explosive chemistry, explosive devices, geology, hair, handwriting, metallurgy, mitochondrial DNA and Y chromosome typing, and paints and polymers. Each Proposed Uniform Language document contains two primary sections: statements approved for use in examination testimony and/or laboratory reports and statements not approved for use in examination testimony and/or laboratory reports. We ask that you review and provide comment on each Proposed Uniform Language document separately.

Review Sheet: In order to assist commenters in evaluating each Proposed Uniform Language document, the Department has provided a review sheet that identifies certain criteria. Commenters may find it helpful to use a format similar to that provided by the review sheet to frame their responses. Use of the review sheet is optional but would be helpful to provide consistency in commentary.

Supporting Documentation: Each Proposed Uniform Language document is accompanied by supporting documentation (posted separately) that provides additional scientific background and policy considerations to support the statements approved for use and statements not approved in examination testimony and/or laboratory reports. The Department is not seeking public comment on the supporting documentation, however, commenters are welcome to provide thoughts and suggestions on these documents but notes that only each Proposed Uniform Language document will be forwarded to the Deputy Attorney General for review and potential adoption by Department personnel.

Posting of Public Comments: To ensure proper handling of comments, please reference "Docket No. OLP 159" on all electronic and written correspondence. The Department encourages all comments on this framework be submitted electronically through www.regulations.gov. Paper comments that duplicate the electronic submission are not necessary as all comments submitted to www.regulations.gov will be posted for public review and are part of the official docket record.

In accordance with the Federal Records Act, please note that all comments received are considered part of the public record, and shall be made available for public inspection online at www.regulations.gov. The comments to be posted may include personally identifiable information (such as your name, address, etc.) and confidential business information voluntarily submitted by the commenter.

The Department will post all comments received on www.regulations.gov without making any changes to the comments or redacting any information, including any personally identifiable information provided. It is the responsibility of the commenter to safeguard personally identifiable information. You are not required to submit personally identifying information in order to comment on the Proposed Uniform Language and the Department recommends that commenters not include personally identifiable information such as Social Security Numbers, personal addresses, telephone numbers, and email addresses that they do not want made public in their comments as such submitted information will be available to the public via www.regulations.gov. Comments submitted through www.regulations.gov will not include

the email address of the commenter unless the commenter chooses to include that information as part of his or her comment.

Dated: July 20, 2016.

RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collection of information to determine (1) the practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

Title and purpose of information collection: Repayment of Debt; OMB 3220-0169.
