Announcement of USGS National Geospatial Program (NGP) 3D Elevation Program (3DEP) FY16 Public Webinars in Preparation for the Upcoming Release of the USGS Broad Agency Announcement for 3D Elevation

ACTION: Notice of Webinar(s).

SUMMARY: The 3D Elevation Program (3DEP) initiative is being developed to respond to needs for high-quality topographic data and for a wide range of other three-dimensional representations of the Nation's natural and constructed features. The primary goal of 3DEP is to systematically collect enhanced elevation data in the form of high-quality light detection and ranging (lidar) data over the conterminous United States, Hawaii, and the U.S.

territories, as well as interferometric synthetic aperture radar (ifsar) data over Alaska. The 3DEP initiative is based on the results of the National Enhanced Elevation Assessment (NEEA), which indicated an optimal benefit to cost ratio for Quality Level 2 (QL2) data collected over 8-years to complete national coverage. The implementation model for 3DEP is based on multi-agency partnership funding for acquisition, with the USGS acting in a lead program management role to facilitate planning and acquisition for the broader community, through the use of government contracts and partnership agreements. The annual Broad Agency Announcement (BAA) is a competitive solicitation issued to facilitate the collection of lidar and derived elevation data for the 3D Elevation Program (3DEP). Federal agencies, state and local governments, tribes, academic institutions and the private sector are eligible to submit proposals. The 3DEP public webinars will introduce this opportunity to the broadest stakeholder community possible and provide a summary of the BAA application procedures. Advanced Registration is required. National Webinars will be recorded and made available for viewing.

DATES: USGS Broad Agency Announcement (BAA) for 3D Elevation Program (3DEP) FY16 National Webinars—Notice of Public Acquisition Opportunity: August 11, 2016 3:00–4:30 ET, August 15, 2016 1:00–2:30 ET. FOR FURTHER INFORMATION CONTACT: Diane Eldridge, 703–648–4521, deldridge@usgs.gov, 3D Elevation Program, gs_baa@usgs.gov.

SUPPLEMENTARY INFORMATION: The BAA is issued under the provisions of FAR Part 35. SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection is authorized under 25 CFR 161, which implements the Navajo-Hopi Indian Relocation Amendments Act of 1980, 94 Stat. 929, codified as 25 U.S.C. 640d–

640d–31, and the Federal court decisions of *Healing v. Jones*, 174 F. Supp.211 (D Ariz. 1959) (Healing I), *Healing v. Jones*, 210 F. Supp. 126 (D. Another law and ruling affecting grazing include Public Law 103–177, the American Indian Agricultural Resource Management Act, as amended and codified as 25 U.S.C. 3701 *et seq.*, authorizes the Secretary of the Interior, in participating with the beneficial owner of the land, to manage Indian agricultural lands in a manner consistent with trust responsibilities and with identified Tribal goals and priorities for conservation, multiple use, and sustained yield.

This information collection allows BIA to receive the information necessary to determine whether an applicant to obtain, modify, or assign a grazing permit on Navajo Partitioned Lands is eligible and complies with all applicable grazing permit requirements. BIA, in coordination with the Navajo Nation, will continue to collect grazing permit information up to and beyond the initial reissuing of the grazing permits, likely within a 1–3 year time period from the date of publication of this notice. The data is maintained by BIA’s Navajo Partitioned Land office. The burden hours for this continued collection of information are reflected in the Estimated Total Annual Hour Burden in this notice.

II. Request for Comments

The BIA requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency’s estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor and an individual need not respond to, a collection of information unless it displays a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personal identifying information in your
