DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Agency Information Collection Activities: Submission for OMB Review; Comment Request**

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Project: SAMHSA SOAR Web-Based Data Form (OMB No. 0930-0329)—REVISION

In 2009 the Substance Abuse and Mental Health Services Administration (SAMHSA) of the U.S. Department of Health and Human Services established a Technical Assistance Center to assist in the implementation of the SSI/SSDI Outreach Access and Recovery (SOAR) effort in all states. The primary objective of SOAR is to improve the allowance rate for Social Security Administration (SSA) disability benefits for people who are experiencing or at risk of homelessness, and who have a serious mental illness.

During the SOAR training, the importance of keeping track of SSI/SSDI applications through the process is stressed. In response to requests from states implementing SOAR, the Technical Assistance Center, under SAMHSA's direction, developed a web-based data form that case managers can use to track the progress of submitted applications, including decisions

received from SSA either on initial application or on appeal. This password-protected web-based data form is hosted on the SOAR Web site (<https://soartrack.prainc.com>). Use of this form is completely voluntary.

In addition, data from the web-based form can be compiled into reports on decision results and the use of SOAR core components, such as the SSA-1696 Appointment of Representative, which

allows SSA to communicate directly with the case manager assisting with the application. These reports will be reviewed by agency directors, SOAR state-level leads, and the national SOAR Technical Assistance Center to quantify the success of the effort overall and to identify areas where additional technical assistance is needed.

The changes to this form include questions on military discharge status,

VA disability compensation, applicant earnings per month, number of consultative exams ordered, and whether access to benefits facilitated housing. Additionally, we added three questions to the user registration form that include county, funding source, and SOAR training completed.

The estimated response burden has not changed and is as follows:

Information source	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hours
SOAR Data Form	700	3	2100	.25	525

Written comments and recommendations concerning the proposed information collection should be sent by August 26, 2016 to the SAMHSA Desk Officer at the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB). To ensure timely receipt of comments, and to avoid potential delays in OMB's receipt and processing of mail sent through the U.S. Postal Service, commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov. Although commenters are encouraged to send their comments via email, commenters may also fax their comments to: 202-395-7285. Commenters may also mail them to: Office of Management and Budget, Office of Information and Regulatory Affairs, New Executive Office Building, Room 10102, Washington, DC 20503.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2016-0492]

Status of Overboard Detection Technology for Cruise Vessels

AGENCY: Coast Guard, DHS.

ACTION: Notice of request for comments.

SUMMARY: The Coast Guard is soliciting information on the status and availability of technology for immediately detecting cruise vessel passengers who have fallen overboard.

DATES: Comments must be submitted to the online docket via <http://>

www.regulations.gov on or before October 25, 2016.

ADDRESSES: You may submit comments and supporting materials identified by docket number USCG-2016-0492 using our online docket at <http://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email LT Paul Folino, Office of Design and Engineering Standards (CG-ENG-1), U.S. Coast Guard Headquarters; 2703 Martin Luther King Jr. Avenue SE., Washington, DC 20593; telephone 202-372-1361, email paul.j.folino@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

We encourage you to submit comments or related material on the status of overboard detection technology for cruise vessels. Your comments will help us prepare a report that accurately reflects the status and availability of overboard detection technology for use by the cruise line industry, and also help us better deliberate on international standards development for overboard detection technology. If you submit a comment, please include the docket number for this notice, indicate the specific section in this notice and the question number to which each comment applies, and provide a reason for each suggestion or recommendation. At this time, we do not anticipate publishing a response to the comments received.

We encourage you to submit comments to our online docket at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person

in the FOR FURTHER INFORMATION CONTACT

section of this document for alternate instructions. Material submitted can be viewed by visiting <http://www.regulations.gov> and following that Web site's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments or other documents are posted.

We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and the docket, you may review a Privacy Act notice regarding the Federal Docket Management System in the March 24, 2005, issue of the **Federal Register** (70 FR 15086).

II. Purpose

On February 8, 2016, the President signed the Coast Guard Authorization Act of 2015 into law. Section 608 of the Act requires the Coast Guard to provide a report to Congress on the status of technology for immediately detecting passengers who have fallen overboard (man overboard (MOB) incidents) within 18 months of the signing of the Act.

Also, the International Organization for Standardization (ISO) Technical Committee 8 (TC8) Subcommittee 1 (SC1) is developing a standard for MOB detection systems. Input received in response to this notice could influence the Coast Guard's collaborative role in that process.

The Coast Guard, therefore, solicits comments from the public on the status and availability of this MOB detection technology.

III. Information Requested

The Coast Guard requests public comment on the following questions. It would be helpful if commenters answer
