

chooses to follow, competitive bidding requirements (See e.g., § 33.303). The purpose of a bidders list is to provide the recipient and entities receiving identified loans who conduct competitive bidding with as accurate a database as possible about the universe of MBE/WBE and non-MBE/WBE prime and subcontractors. The list must include all firms that bid or quote on prime contracts, or bid or quote subcontracts on EPA assisted projects, including both MBE/WBEs and non-MBE/WBEs. The bidders list must only be kept until the assistance agreement project period has expired and the recipient is no longer receiving EPA funding under the assistance agreement. For entities receiving identified loans, the bidders list must only be kept until the project period for the identified loan has ended. The following information must be obtained from all prime and subcontractors:

* * * * *

(2) Entity's telephone number and email address;

* * * * *

(c) *Exemptions.* A recipient of an EPA financial assistance agreement in the amount of \$250,000 or less for any single assistance agreement, or of more than one financial assistance agreement with a combined total of \$250,000 or less in any one fiscal year, is exempt from the paragraph (b) of this section requirement to create and maintain a bidders list. Also, a recipient under the CWSRF, DWSRF, BCRLF, or other identified loan program, is not required to apply the paragraph (b) of this section bidders list requirement of this subpart to an entity receiving an identified loan in an amount of \$250,000 or less, or to an entity receiving more than one identified loan with a combined total of \$250,000 or less in any one fiscal year. This exemption is limited to the paragraph (b) of this section bidders list requirements of this subpart.

■ 34. Section 33.502 is revised to read as follows:

§ 33.502 What are the reporting requirements of this part?

(a) Recipients are required to report MBE and WBE participation annually on EPA Form 5700-52A when one or more of the following conditions are met.

(1) There are funds budgeted for procurements, including funds budgeted for direct procurement by the recipient or procurement under sub-awards or loans in the "Other" procurement category that exceed the simplified acquisition threshold amount of \$150,000;

(2) If at the time of award the budgeted funds for procurement exceed \$150,000, but actual expenditures fall below; or

(3) If subsequent amendments and funding cause the total amount of procurement to surpass the \$150,000 threshold.

(b) Those recipients exempted under § 33.411 from the requirement to apply the fair share objectives are required to report if one or more of the conditions stated above is met.

(c) Recipients of financial assistance agreements that capitalize revolving loan programs must require entities receiving identified loans to submit their MBE and WBE participation reports on an annual basis, if one or more of the conditions stated above is met. Reports should be submitted to the financial assistance agreement recipient, rather than to EPA.

(d) Where reporting is required, all procurement actions are reportable, not just that portion that exceeds \$150,000.

(e) Reporting is not required if at the time of award, funds budgeted for procurements are less than or equal to \$150,000 and are maintained below the threshold.

(f) Reports are due by October 30th of each fiscal year, or 30 days after the end of the project period, whichever comes first.

■ 35. Section 33.503 is amended by revising paragraph (a) to read as follows:

§ 33.503 How does a recipient calculate MBE and WBE participation for reporting purposes?

(a) *General.* Only certified MBEs and WBEs are to be counted towards MBE/WBE participation. Amounts of MBE and WBE participation are calculated as a percentage of total financial assistance agreement project procurement costs, which include the match portion of the project costs, if any. Recipients should only report funds used for procurements. For recipients of financial assistance agreements that capitalize revolving loan programs, the total amount is the total procurement dollars in the amount of identified loans equal to the capitalization amount.

[Docket No. FMCSA-1997-2349]

RIN 2126-AB85; Formerly 2126-AA22

Unified Registration System; Correction

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Final rule; correction.

SUMMARY: FMCSA is correcting the effective and compliance dates for its August 23, 2013, Unified Registration System (URS) final rule, as revised on October 21, 2015. The 2013 URS final rule was issued to improve the registration process for motor carriers, property brokers, freight forwarders, Intermodal Equipment Providers (IEPs), hazardous materials safety permit (HMSP) applicants, and cargo tank facilities required to register with FMCSA, and streamline the existing Federal registration processes to ensure the Agency can more efficiently track these entities. The October 21, 2015 final rule made slight revisions to the 2013 rule and delayed the effective dates of that rule. This final rule corrects the effective and compliance dates, revised in 2015, and corrects regulatory provisions that have not yet gone into effect, as well as several temporary sections that are in effect already, to allow FMCSA additional time to complete the information technology (IT) systems work.

DATES: Effective Dates: The effective of this rule is July 28, 2016.

The effective date of the rule published at 80 FR 63695 (October 21, 2015), is delayed until January 14, 2017, and §§ 365.T106, 368.T3, and 390.T200 are effective until January 13, 2017.

The corrections to the rule published October 21, 2015 (80 FR 63695), are effective on January 14, 2017.

The effective date of the rule published at 78 FR 52608 (August 23, 2013) is further delayed until January 14, 2017.

Compliance Dates: The compliance date for the rule published at 80 FR 63695 (October 21, 2015), is delayed until January 14, 2017, and new applicants must comply with §§ 365.T106, 368.T3 or 390.T200 (as applicable) until January 13, 2017; private hazardous material carriers and exempt for-hire carriers must comply with § 387.19 or § 387.43 (as applicable)

by April 14, 2017; and all entities must comply with § 366.2 by April 14, 2017.

Corrections

The FMCSA is correcting the effective and compliance dates for its August 23, 2013, Unified Registration System (URS) final rule, as revised on October 21, 2015, in order to delay implementation

of the URS provisions. While the FMCSA had hoped to be able to reach full implementation by September 30, 2016, unforeseen delays and complications in the IT development process require that we push the full implementation back until January 14, 2017. These delays include added complexities due to an unrelated system migration to the cloud and also due to the logistics of transferring millions of records.

In order to make this change, FMCSA must correct regulatory provisions that have not yet gone into effect, as well as several temporary sections that are in effect already. The method for making corrections differs depending upon whether or not the provision being corrected has gone into effect. First, under the heading “**Federal Register corrections**,” we provide the corrections for those provisions that are not yet in effect; these corrections will update the effective date for those provisions from September 30, 2016, to January 14, 2017. This will also update the compliance dates for certain provisions from December 31, 2016, to April 14, 2017.

We are also making minor corrections to fix errors found in the final rule published on October 21, 2015. In § 366.4, we are adding a sentence to clarify the requirements for motor carriers operating in Hawaii or Alaska, as these were inadvertently not covered in the original text. In § 385.305, we are correcting the reference to the online registration form MCSA–1, which was published without the “1” after the hyphen. In § 387.301, we are correcting the text in paragraph (a)(1) to clarify the financial responsibility requirements for school buses, including third parties providing school bus services. We have identified this as an area causing confusion, so a correction is needed.

After those corrections, numbered 1 through 6, we present the corrections to those provisions that came into effect on December 12, 2015. These corrections, which follow the “CFR amendments” heading, are presented as you would see amendatory instructions in any final rule. The result of these corrections will be to extend the effective dates of the temporary provisions in parts 365, 368, and 390 to January 14, 2017.

Federal Register Corrections

In FR Doc. 2015–26625 appearing on page 63695 in the **Federal Register** of Wednesday, October 21, 2015 (80 FR 63695), make the following corrections:

When a motor carrier’s operating authority registration is limited to fewer than 48 States and DC, it must designate process agents for each State in which it is authorized to operate and for each State traversed during such operations. Every motor carrier operating in the United States in the course of transportation between points in a foreign country shall file a designation for each State traversed. Every motor carrier maintaining a principal place of business and operating exclusively in Alaska or Hawaii must designate a process agent for the State where operations are conducted.”

4. On page 63707, in the second column, in § 385.305(b)(2), the phrase “Form MCSA–,” is corrected to read “Form MCSA–1,”.

5. On page 63709, in the first column, in § 387.19, the date “December 31, 2016” is corrected to read “April 14, 2017”.

6. On page 63709, in the third column, in § 387.301(a)(1), the text is corrected by adding the following sentence at the end of the paragraph: “Passenger motor carriers exempt under § 387.27 of this part are not subject to this limitation on transportation or required to file evidence of financial responsibility.”
