

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

4. *Performance Measures: The Government Performance and Results Act of 1993* directs Federal departments and agencies to improve the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against these goals.

The goal of the Transition Work-Based Learning Model Demonstration is to identify and demonstrate practices, which are supported by evidence, in providing work-based learning experiences in integrated settings under the VR program, in collaboration with State and local educational agencies, and other key partners within the local community, to improve post-school outcomes for students with disabilities. Such practices must be supported by strong theory and rigorously evaluated. Under the absolute priority, grant recipients are required to develop and implement a plan to measure the model demonstration project's performance and outcomes, including an evaluation of the practices and strategies implemented by the project. The cooperative agreement will specify the measures that will be used to assess the grantees' performance in achieving the goals and objectives of the competition, including the extent to which:

- Project participants successfully complete at least two work-based learning experiences, including one paid work experience;
- Participation in the project demonstrates that work-based learning experiences have contributed to student academic and career planning;
- Project participants enroll in postsecondary education or training; and

- Project participants obtain competitive integrated employment, including supported employment.

In its annual and final performance report to the Department, grant recipients will be expected to report the data specified in the absolute priority described in this notice and any additional data outlined in the cooperative agreement that is needed to assess its project's performance. The cooperative agreement and annual report will be reviewed by RSA and the grant recipient between the third and fourth quarter of each project period. Adjustments will be made to the project accordingly in order to ensure demonstrated progress towards meeting the goal and outcomes of the project.

5. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY**[[Certification Notice—242]****Notice of Filing of Self-Certification of Coal Capability Under the Powerplant and Industrial Fuel Use Act**

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of filing.

SUMMARY: On July 18, 2016, Oregon Clean Energy, LLC, as owner and operator of a new combined cycle natural gas fired electric generating powerplant, submitted a coal capability self-certification to the Department of Energy (DOE) pursuant to § 201(d) of the Powerplant and Industrial Fuel Use Act of 1978 (FUA), as amended, and DOE regulations in 10 CFR 501.60, 61. FUA and regulations thereunder require DOE to publish a notice of filing of self-certification in the **Federal Register**. 42 U.S.C. 8311(d) and 10 CFR 501.61(c).

ADDRESSES: Copies of coal capability self-certification filings are available for public inspection, upon request, in the Office of Electricity Delivery and Energy Reliability, Mail Code OE–20, Room 8G–024, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Christopher Lawrence at (202) 586–5260.

SUPPLEMENTARY INFORMATION: Title II of FUA, as amended (42 U.S.C. 8301 *et seq.*), provides that no new base load electric powerplant may be constructed or operated without the capability to use coal or another alternate fuel as a primary energy source. Pursuant to FUA in order to meet the requirement of coal capability, the owner or operator of such a facility proposing to use natural gas or petroleum as its primary energy source shall certify to the Secretary of Energy (Secretary) prior to construction, or prior to operation as a base load electric powerplant, that such powerplant has the capability to use coal or another alternate fuel. Such certification establishes compliance with FUA section 201(a) as of the date it is filed with the Secretary. 42 U.S.C. 8311.

The following owner of a proposed new combined cycle natural gas fired electric generating powerplant has filed a self-certification of coal-capability with DOE pursuant to FUA section 201(d) and in accordance with DOE regulations in 10 CFR 501.60, 61:

Owner: Oregon Clean Energy, LLC,
Capacity: 960 megawatts (MW)
Plant Location: City of Oregon, Lucas County, Ohio.

In-Service Date: Approximately May 1, 2017.

Issued in Washington, DC on July 26, 2016.

Christopher Lawrence

Electricity Policy Analyst, Office of Electricity Delivery and Energy Reliability.
