The FCC Form 486 is being transitioned to an online platform for applicants that seek universal service support for funding year 2016 and later. Also, respondents who received a Funding Commitment Decision Letter indicating services eligible for universal service funding must file FCC Form 486 to indicate their service start date and to start the payment process. In addition, all members of a consortium must submit signed certifications to the Billed Entity of their consortium using a FCC Form 479; Certification by Administrative Authority to Billed Entity of Compliance with Children's Internet Protection Act, in language consistent with the certifications adopted for the FCC Form 486. Consortia must, in turn,

FCC Form 500 is used by E-rate participants to make adjustments to previously filed forms, such as changing the contract expiration date filed with the FCC Form 471, changing the funding year service start date filed with the FCC Form 486, cancelling or reducing the amount of funding commitments, requesting extensions of the deadline for non-recurring services, and notifying USAC of equipment transfers. All of the requirements contained herein are necessary to implement the congressional mandate for universal service.
