SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Plan Asset Transactions Determined by Independent Qualified Professional Asset Managers Under Prohibited Transaction Exemption 1984-14 (PTE 84-14) information collection. PTE 84-14 permits a party that is related to an employee benefit plan to engage in transactions involving plan assets if, among other conditions, the assets are managed by a qualified professional asset manager (QPAM) that is independent of the parties in interest. Additional relief is also available under specific circumstances that are fully addressed within the exemption. The information collection requirements that are conditions of the exemption include written policies and procedures by a QPAM and audit requirements. An independent auditor uses the written policies and procedures to determine whether the QPAM is in compliance with the written policies and procedures and whether the exemption conditions have been met. These information collections are designed to safeguard participants and beneficiaries in plans that are involved in transactions covered by the exemption. PTE 84-14 does not require any reporting or filing with the Federal government. Employee Retirement Income Security Act of 1974 section 408(a) authorizes this information collection. See 29 U.S.C. 1108.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection

of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210-0128.
