SUMMARY: This rule adopts as final certain changes proposed to the Department of State Acquisition Regulation (DOSAR) to provide procedural changes relating to the suspension and debarment process.

DATES: This rule is effective September 2, 2016.

FOR FURTHER INFORMATION CONTACT: Ms. Colleen Kosar, Policy Division, Office of the Procurement Executive, A/OPE, 2201 C Street NW., Suite 1060, State Annex Number 15, Washington, DC 20520. Telephone: 703-516-1685. Email: KosarCM@state.gov.

SUPPLEMENTARY INFORMATION: The Department of State published a Notice of Proposed Rulemaking (NPRM), Public Notice 9479 at 81 FR 17121, March 28, 2016, with a request for comments. A summary of the proposed changes and the reasons therefor were included in the NPRM. The comment period closed May 27, 2016. The Department did not receive any substantive comments on the rule. One correspondent raised matters that were not relevant to this rulemaking. The Department is now adopting the proposed rule as a final rule without change.

Regulatory Findings*Administrative Procedure Act*

In accordance with the provisions of the Administrative Procedure Act (APA) governing rules promulgated by federal agencies that affect the public (5 U.S.C. 552 and 553), the Department published this rulemaking as a proposed rule and invited public comment. In accordance with the APA, this rulemaking will be effective 30 days after publication.

Regulatory Flexibility Act

The Department of State, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), has reviewed this regulation and, by approving it, certifies that this rule will not have a significant economic impact on a substantial number of small entities. This determination was based on the fact that the changes proposed in this update have no impact on small businesses. The number of small

businesses considered for suspension or debarment will not grow or shrink as a result of the proposed changes. The Department analyzed the suspension/debarment actions that occurred in FY14 and no small businesses were impacted.

Unfunded Mandates Act of 1995

This rule will not result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Act of 1995.

Small Business Regulatory Enforcement Fairness Act of 1996

This rule is not a major rule as defined by the Small Business Regulatory Enforcement Act of 1996 (5 U.S.C. 801 *et seq.*). This rule will not result in an annual effect on the economy of \$100 million or more; a major increase in costs or prices; or significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based companies to compete with foreign-based companies in domestic and import markets. This determination was based on the fact that the proposed changes are intended to simplify the procedural aspects of the suspension and debarment process. The rule does not place new requirements on contract performance. The rule does not have a significant cost or administrative impact on offerors or contractors.

Executive Orders 12866 and 13563

Executive Orders (E.O.) 12866 and 13563 direct agencies to assess costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts and equity). E.O. 13563 emphasized the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The Department of State does not consider this rule to be an "economically significant regulatory action" under Executive Order 12866. The Department has reviewed the regulation to ensure its consistency with the regulatory philosophy and principles set forth in the Executive Orders and finds that the benefits of updating this rule outweigh any costs, which the Department assesses to be minimal.

Executive Order 13132

This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with section 6 of Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement.

Executive Order 13175

The Department has determined that this rulemaking will not have tribal implications, will not impose substantial direct compliance costs on Indian tribal governments, and will not pre-empt tribal law. Accordingly, the requirements of Executive Order 13175 do not apply to this rulemaking.

Paperwork Reduction Act

The rule imposes no new or revised information collections under the Paperwork Reduction Act of 1980 (44 U.S.C. Chapter 35).
