

DEPARTMENT OF JUSTICE**Notice of Lodging of Proposed Consent Judgment Under the Resource Conservation and Recovery Act**

On August 1, 2016, the Department of Justice lodged a proposed Consent Judgment with the United States District Court for the Eastern District of New York in the lawsuit entitled *United States v. Nedjet Yetim, et al.*, Civil Action No. 14-0847.

The proposed consent judgment will resolve the United States' claims under Section 9006 of the Resource Recovery and Conservation Act, as amended, on behalf of the U.S. Environmental Protection Agency, against the following defendants: Rachelann Yetim, Black Realty, Inc., Fast Gasoline Station, Inc., TAG Gasoline, Inc., NGRV Realty Co., Inc., and Venus Bukey Realty, Inc. (the "Rachelann Defendants"). The United States alleges that the Rachelann Defendants violated the regulations set forth at 40 CFR part 280, governing underground storage tanks ("USTs"), at three facilities—automobile fueling stations with USTs—that the Rachelann Defendants have owned and/or operated at the following locations:

1. 653 Hempstead Turnpike, Elmont, New York
2. 725 Wyandanch Ave, North Babylon, New York
3. 4305 Austin Blvd., Island Park, New York

The consent judgment requires the Rachelann Defendants to pay a civil penalty of \$60,000, which was calculated after conducting an ability-to-pay analysis. The consent judgment also provides for injunctive relief, which will consist of maintaining compliance with the UST regulations and submission of reports demonstrating such compliance, to be implemented over the next three years at the Rachelann Defendants' facilities.
