ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. *Title of Collection:* Federal Direct Loan Program Regulations for Forbearance and Loan Rehabilitation.

*OMB Control Number:* 1845-0119.

*Type of Review:* An extension of an existing information collection.

*Respondents/Affected Public:* Individuals or Households.

*Total Estimated Number of Annual Responses:* 129,027.

*Total Estimated Number of Annual Burden Hours:* 35,094.

*Abstract:* This information collection for the Direct Loan (DL) Program is related to regulations for dealing with defaulted loans and forbearance in § 685.205 and reasonable and affordable loan rehabilitation in § 685.211. We are requesting an extension of the current burden calculated for this information collection. These regulations provide additional flexibilities for Direct Loan borrowers and permit oral requests for forbearance, as well as allow a borrower to object to the initially established reasonable and affordable loan repayment amount. In addition, if a borrower incurs changes to his or her financial circumstances, the borrower can provide supporting documentation to change the amount of the reasonable and affordable loan monthly repayment amount. There has been no change to the regulatory language.
