Title: State Issuance and Participation Estimates.

Form Number: FNS–388 and FNS–388A.

OMB Number: 0584–0081.

Expiration Date: July 31, 2016.

Type of Request: Revision of a currently approved collection.

Abstract: Section 18(b) of the Food and Nutrition Act, (the Act) 7 U.S.C. 2027(b), limits the value of allotments paid to SNAP households to an amount not in excess of the appropriation for the fiscal year. If allotments in any fiscal year would exceed the appropriation, the Secretary of Agriculture is required to direct State agencies to reduce the value of SNAP allotments to the extent necessary to stay within appropriated funding limits. Timely State monthly issuance estimates are necessary for FNS to ensure that it remains within the appropriation. The estimates will also have a direct effect upon the manner in

which allotments would be reduced if necessary. While benefit reductions have never been ordered in the past under section 18(b) nor are they anticipated based on current data, the Department must continue to monitor actual program costs against the appropriation. The reporting burden for forms FNS–388 and FNS–388A was merged in 2015 with the burden for the Food Programs Reporting System (OMB control number 0584–0594, expiration date June 30, 2019). This 60-day notice serves to renew the recordkeeping burden only for these two forms.

Section 11(e)(12) of the Food and Nutrition Act, 7 U.S.C. 2020 (e)(12), requires that the State Plan of Operations provide for the submission of reports required by the Secretary of Agriculture. State agencies are required to report on a monthly basis on the FNS–388, State Issuance and Participation Estimates, estimated or actual issuance and participation data for the current month and previous month, and actual participation data for the second preceding month. The FNS–388 report provides the necessary data for an early warning system to enable the Department to monitor actual and estimated costs for all benefit types against the appropriation.

Disaster SNAP is authorized by sections 402 and 502 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 *et seq.*) and the temporary emergency provisions contained in Section 5 of the Food and Nutrition Act of 2008, and in 7 CFR part 280 of the SNAP regulations. State agencies may request FNS approval to operate a Disaster SNAP in an area that has received a Presidential declaration as a Major Disaster area eligible for Individual Assistance. In accordance with 7 CFR 274.4, State agencies shall keep records and report SNAP participation and issuance totals to FNS.

State agencies in general only submit one statewide FNS–388 per month, which covers benefits from their Electronic Benefit Transfer (EBT) system. The exception is State agencies that choose to operate an approved alternative issuance demonstration project such as a cash-out system submit a separate report for each additional type of issuance system. As a result of the reporting burden for these forms being merged with 0584–0594, the collective burden will be reduced by 5,187 hours. The remaining 17.28 hours represents the State recordkeeping burden for these forms. Per 7 CFR 272.1(f), State agencies are required to retain all records associated with the administration of SNAP for no less than

3 years. The recordkeeping burden has not changed.

Affected Public: State agencies that administer SNAP.

Estimated Number of Respondents: 53.

Estimated Number of Responses per Respondent: 13.58.

Estimated Total Annual Responses: 719.74 rounded up to 720.

Estimated Hours per Response: .024.

Estimated Total Annual Burden on Respondents: This revised annual

recordkeeping burden for OMB No. 0584–0081, is 17.28 hours. The current burden inventory for this collection is 5,187 hours. This decrease is a result merging the reporting burden to OMB# 0584–0594 collection. See the table below for estimated total annual burden.

Affected public	Forms	Number of recordkeepers	Frequency of response	Total annual records	Time per response (hours)	Annual recordkeeping hours
State Agencies	FNS–388	53	11.32	600	.024	14.4
	FNS–388A	53	2.26	120	.024	2.88
Record-keeping Burden	53	13.58	720	0.024	17.28

Title: Third Access, Participation, Eligibility, and Certification Study Series (APEC III).

Form Number: Not applicable.

OMB Number: 0584–0530.

Expiration Date: Not Yet Determined.

Type of Request: Reinstatement, with change, of a previously approved collection for which approval has expired.

Abstract: The purpose of this third study on Access, Participation, Eligibility, and Certification (APEC III) is to provide the Food and Nutrition Service (FNS) with key information on the annual error rates and erroneous

payments for the National School Lunch Program (NSLP) and School Breakfast Program (SBP) in school year (SY) 2017–2018. In addition, APEC III will identify School Food Authority (SFA), school, and student/household characteristics that may be related to error rates, and identify strategies and actionable guidance for reducing errors. Specifically, the four study objectives are:

- Objective 1: Generate a national estimate of the annual amount of erroneous payments based on School Year 2017–2018 by replicating the APEC methodology.
- Objective 2: Provide a robust examination of the relationship of student (household), school, and SFA characteristics to error rates.
- Objective 3: Conduct a sub-study on the differences in error rates among SFAs using different implementation strategies in their school meals programs.
- Objective 4: Perform qualitative analyses examining the reasons for erroneous payments.

Consistent with APEC methodology, APEC III will collect data to address the study objectives using a multistage–clustered sample design, which will include:

- A nationally representative sample of SFAs in the contiguous 48 states and the District of Columbia;
- A stratified sample of schools within each SFA (*i.e.* sampling from SFAs with Community Eligibility Provision (CEP) schools and from SFAs without CEP schools independently to ensure proportional representation in the final sample); and
- A random sample of students (households) within each sampled school that applied for free and reduced-price meals (including denied applicants), were categorically eligible for free meals, or were directly certified for free meals.

APEC III will collect data via in-person visits to SFAs, schools, and
