## DEPARTMENT OF DEFENSE

### Department of the Army, Corps of Engineers

#### 33 CFR Part 334

#### United States Navy Restricted Area, Menominee River, Marinette Marine Corporation Shipyard, Marinette, Wisconsin

**AGENCY:** United States Army Corps of Engineers, DoD.

**ACTION:** Notice of proposed rulemaking.

**SUMMARY:** The U.S. Army Corps of Engineers published a document in the **Federal Register** on May 24, 2011, amending its regulations to establish a restricted area in the Menominee River at the Marinette Marine Corporation Shipyard in Marinette, Wisconsin. The Corps published correcting amendments in the **Federal Register** on April 4, 2012, which corrected latitude and longitude coordinates and also revised administrative and enforcement responsibilities. The Corps is proposing to further amend these regulations to expand the existing restricted area to provide additional area of protection during the construction and launching of Littoral Combat Ships. The proposed expansion would result in temporary encroachment within the Menominee River Federal Navigation Channel. The regulations are necessary to provide adequate protection of U.S. Navy combat vessels, their materials, equipment to be installed therein, and crew, while located at the Marinette Marine Corporation Shipyard.

**SUPPLEMENTARY INFORMATION:** Pursuant to its authorities in Section 7 of the

Rivers and Harbors Act of 1917 (40 Stat. 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat. 892; 33 U.S.C. 3), the Corps proposes to amend the restricted area regulations at 33 CFR part 334 by amending § 334.815 to expand the previously established restricted area in the Menominee River, at the Marinette Marine Corporation Shipyard, Marinette, Wisconsin. The amendment would also add a provision of disestablishment whereby the restricted area would be disestablished by no later than November 17, 2025. By correspondence dated October 29, 2015, the Department of the Navy, has requested the Corps of Engineers to amend this restricted area.

Pursuant to Section 14 of the Rivers and Harbors Act of 1899, 33 U.S.C. 408 (Section 408), and in accordance with Engineer Circular (EC) 1165-2-216, the Corps has granted approval for a ten-year occupancy within a portion of the federal navigation channel. The proposed amendment would include a provision for disestablishment of the restricted area no later than ten years from the date of the Section 408 approval.

#### Procedural Requirements

##### a. Review Under Executive Order 12866

This proposed rule is issued with respect to a military function of the Defense Department and the provisions of Executive Order 12866 do not apply.

##### b. Review Under the Regulatory Flexibility Act

The proposed rule has been reviewed under the Regulatory Flexibility Act (Pub. L. 96-354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (*i.e.*, small businesses and small governments). The restricted area is necessary for security of this shipyard. Small entities can utilize navigable waters outside of the restricted area when the restricted area is activated. Unless information is obtained to the contrary during the public notice comment period, the Corps expects that the economic impact of this restricted area would have practically no impact on the public, no anticipated navigational hazard or interference with existing waterway traffic. This proposed rule if adopted, will have no significant economic impact on small entities.

*c. Review Under the National Environmental Policy Act*

A preliminary draft environmental assessment has been prepared for this action. Due to the administrative nature of this action and because the intended change will only expand the existing restricted area by approximately 1.4 acres for a ten year period, the Corps expects that this regulation, if adopted, will not have a significant impact to the quality of the human environment and, therefore, preparation of an environmental impact statement will not be required. The environmental assessment will be finalized after the public notice period is closed and all comments have been received and considered. It may be reviewed at the District office listed at the end of the **FOR FURTHER INFORMATION CONTACT**, above.

*d. Unfunded Mandates Act*

This proposed rule does not impose an enforceable duty among the private sector and, therefore, it is not a Federal private section mandate and it is not subject to the requirements of either section 202 or Section 205 of the Unfunded Mandates Act. We have also found under Section 203 of the Act, that small governments will not be significantly and uniquely affected by this rulemaking.

**List of Subjects in 33 CFR Part 334**

**SUPPLEMENTARY INFORMATION:**

**Introduction**

The Copyright Royalty Judges (Judges) published a technical amendment to a final rule in the **Federal Register** to clarify that the reporting requirements in Part 370 that applied to "Minimum Fee Broadcasters" now apply to the more inclusive group, "Eligible Minimum Fee Webcasters."<sup>1</sup> 81 FR 40190 (Jun. 21, 2016) (emphasis added). The Judges added the new term "Eligible Minimum Fee Webcaster" to the definition section of 37 CFR 370.4. They also removed the "Minimum Fee Broadcaster" definition, which they deemed to be no longer necessary because the new definition of "Eligible Minimum Fee Webcasters" was intended to include the entities that qualified under the prior definition of "Minimum Fee Broadcasters."

By adding the new term "Eligible Minimum Fee Webcasters," the Judges intended to expand relaxed reporting requirements then available to Minimum Fee Broadcasters to certain nonprofit educational webcasters that had previously been denied those expanded relaxed reporting requirements.

On June 21, 2016, the Judges received a Joint Petition of the National Association of Broadcasters and the National Religious Broadcasters Noncommercial Music License Committee to Amend Final Rule Regarding Reporting Requirements (Joint Motion). The moving parties contended that by removing the definition of "Minimum Fee Broadcaster," the Judges had failed to effect their intent. The moving parties requested that the Judges reinstate the

<sup>1</sup> The Judges used the term "webcaster" advisedly, as stations do not report or pay royalties for broadcasting over the air. They only pay for the rights to stream sound recordings over the Internet, or "webcast."
