PennEast Pipeline Company, LLC; Notice of Public Comment Meeting Location Change for the Proposed Penneast Pipeline Project

The staff of the Federal Energy Regulatory Commission is providing this notice of a change in the location of public comment meetings for the PennEast Pipeline Project. Since issuance of the *Notice of Availability of the Draft Environmental Impact Statement for the Proposed PennEast Pipeline Project* on July 22, 2016, the Commission staff was notified that The Grand Colonial in Hampton, New Jersey and the Clifford B. Martin Memorial Hall in Ewing, New Jersey are no longer available for the public comment meetings previously scheduled for August 16 and 17, 2016, respectively. Please take note that the public comment meetings are now scheduled at the following alternative locations at the same date and time as previously scheduled.

Date and time	Location
Tuesday, August 16, 2016, 6–10 p.m.	Holiday Inn Clinton-Bridgewater, Hunterdon Ballroom, 111 W Main Street, Clinton, NJ 08809, Phone: (908) 735–5111.

Date and time	Location
Wednesday, August 17, 2016, 6–10 p.m.	Patriots Theater at War Memorial, George Washington Ballroom, 1 Memorial Drive, Trenton, NJ 08608, Phone: (609) 984–8484.

All other public comment meetings will be held as listed in the Notice of Availability issued on July 22, 2016.

Dated: August 5, 2016.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PF16–7–000]

Eastern Shore Natural Gas Company; Notice of Intent To Prepare an Environmental Assessment for the Planned 2017 Expansion Project and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the 2017 Expansion Project involving construction and operation of facilities by Eastern Shore Natural Gas Company (Eastern Shore) in Lancaster and Chester Counties, Pennsylvania; Cecil County, Maryland; and New Castle, Kent, and Sussex Counties, Delaware. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. You can make a difference by providing us with your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the EA. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC, on or before August 31, 2016.

If you sent comments on this project to the Commission before the opening of this docket on May 17, 2016, you will need to file those comments in Docket

No. PF16–7–000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this planned project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the planned facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" is available for viewing on the FERC Web site (www.ferc.gov). This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings.

Public Participation

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has expert staff available to assist you at (202) 502–8258 or efiling@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. This is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the *eFiling* feature on the Commission's Web site (www.ferc.gov) under the link to *Documents and Filings*. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by

clicking on "*eRegister*." If you are filing a comment on a particular project, please select "Comment on a Filing" as the filing type; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket number (PF16–7–000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

Summary of the Planned Project

Eastern Shore plans to construct new pipeline and appurtenant aboveground facilities in the states of Pennsylvania, Maryland, and Delaware. The 2017 Expansion Project facilities consist of (1) approximately 30 miles of pipeline looping in Pennsylvania, Maryland and Delaware; (2) upgrades to existing metering facilities; (3) installation of an additional 3,550 horsepower ("hp") compressor unit at the existing Daleville Compressor Station; and (4) approximately 17 miles of new mainline extension and the addition of two pressure control stations in Sussex County, Delaware.

The 2017 Expansion Project consists of the following components, listed below by geographic area:

Pennsylvania

Lancaster County

Honey Brook Meter and Regulator Station: Replace existing meter runs and pressure/flow control valves at the existing interconnect site with Texas Eastern Transmission, LP ("Texas Eastern"). Modify the existing Honey Brook Meter and Regulator Station and lateral piping to accommodate the installation of upsized mainline taps and valves and the installation of a filter separator, associated piping, and storage tank as well as other ancillary equipment at Eastern Shore's existing interconnect with Texas Eastern. All construction work would be conducted within the fenceline in previously disturbed areas of the existing interconnect site.

Chester County

Parkesburg Loop: Construct approximately 5 miles of 16-inch-diameter pipeline loop¹ beginning at Eastern Shore's existing Parkesburg

¹ A pipeline loop is a segment of pipe constructed parallel to an existing pipeline to increase capacity.
