Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.213.

Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On April 27, 2011, the Department terminated the agreement suspending the antidumping duty investigation and issued an antidumping duty order on ammonium nitrate from Russia.¹ On July 1, 2016, the Department initiated a sunset review of the antidumping duty Order pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act").² We received no notice of intent to participate in response to the *Initiation Notice* from domestic interested parties by the applicable deadline.³ As a result, the Department concludes that no domestic party intends to participate in this sunset review.⁴ On July 21, 2016, we notified the International Trade Commission, in writing, that we intend to revoke the Order.⁵

Scope of the Order

The scope of this order includes solid, fertilizer grade ammonium nitrate products, whether prilled, granular, or in other solid form, with or without additives or coating, and with a bulk density equal to or greater than 53 pounds per cubic foot. Specifically excluded from this scope is solid ammonium nitrate with a bulk density less than 53 pounds per cubic foot (commonly referred to as industrial or explosive grade ammonium nitrate). The merchandise subject to this order is classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings 3102.30.00.00 and 3102.290000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise within the scope is dispositive.

Revocation

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3), if no domestic interested party files a notice of intent to participate, the Department shall issue a final determination revoking the order within 90 days of the initiation of the review. Because no domestic interested party filed a notice of intent to participate in

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.222(i)(2)(i), the Department intends to issue instructions to U.S. Customs and Border Protection to terminate the suspension of liquidation of entries of the merchandise subject to the order which were entered, or withdrawn from warehouse, for consumption on or after August 20, 2016. Entries of subject merchandise prior to August 20, 2016, will continue to be subject to the suspension of liquidation and requirements for deposits of estimated antidumping duties. The Department will conduct administrative reviews of the order with respect to subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.
